

ST. LOUIS, THURSDAY, MAY 8, 1930.—44 PAGES.

VOL. 82. NO. 244.

WALL STREET
200,000,000
LOAN DROP;
STOCK TRADE
IS QUIETER

Prices Fluctuate Rather
Widely in the Earlier
Hours of Day, but Losses
of 2 to 12 Points Are
Largely Recovered —
Gains in the List.

SHORT COVERING
IN COPPER GROUP

Traders Inclined to Curtail
Operations Until After
Figures on Brokers Bor-
rowings for the Week
Were Out of Way as
Guesses Varied.

NEW YORK, May 8. — Stock
prices backed and filled in indeci-
sive manner in today's stock mar-
ket, as opposing speculative forces
contended rather listlessly for con-
trol. Trading turned extremely
quiet in the late trading, and total
sales fell substantially below 4,000,
the average for the first full ses-
sion since the middle of March.

Various factors in the market
situation left Wall street
without definite clues as to the
robustness of the weekly
figures, announced by the Federal
reserve bank of New York, and
as the sharp upturn in
prices during April caused some
speculators to believe that the
trading operations until after the
figures for the latest week were
out of the way.

Loans to brokers and dealers
sold by New York Federal Reserve
Member Banks for the week
ending May 7, were announced by
Federal Reserve Board after the
close of market at \$4,074,000,000,
representing a decrease of \$200,
000,000, as compared with the pre-
vious week.

Analysis of the report shows
that for own account decreased
\$1,000,000, loans for account of
member banks dropped \$600,
000,000 and loans for account of
other banks decreased \$300,000,000.

Wide Ranges Early.
Prices fluctuated rather widely
in the earlier hours of the day,
particularly in the high priced
issues. Early losses of 2 to 4 points
in leading shares, however, were
largely recovered, as were drops of
10 to 12 points in some of the high-
priced issues. Short coverings in
the copper shares, reflecting re-
ports of a better demand for the
metal since the price was cut
to 12 1/2 cents a pound, brought a
sharp rally soon after midday, but
soon sold off from the best
moment, although closing levels were
regularly higher.

Leading shares generally were
well supported at levels substan-
tially above Monday's lows, but
a new 1930 minimum at 16 1/2
cents a share, however, support
quickly appeared, and the stock
closed at 16 1/2. It closed at
16 1/2, a net gain of 1/2 point.
Case Has Wide Movement.
Case dropped 11 points, then
rallied more than 20, closing
at 10 points net, on unconfirmed
reports that directors will meet
next week to act on a proposal to
split up the shares on the basis of
10-for-1. Allied Chemical dropped
2 1/2 points, and rebounded 3 1/2.
Shares closing about 3 to 5
points higher included Anaconda,
Western Union, Celanese, Youngs-
town, Houston Oil, Public Service,
New Jersey, Loews, Kennecott,
Coca-Cola, Penick & Ford,
Canada Dry, Westinghouse.
Electric traded over a range of sev-
eral points, only closing close.
General Electric dropped more than 3 points,
closed off 1 and 3/4, respec-
tively.

Credit remained plentiful, with
money again holding at 3 per
cent, although it was freely offered
on the outside market at lower
levels.
Foreign exchanges firmed up
considerably, with sterling cables
rising at 84.85-16; up 2-32.

FAIR TONIGHT AND TOMORROW,
NO CHANGE IN TEMPERATURE
THE TEMPERATURES.

BISHOP CANNON DENIES CHURCH FOUGHT SMITH

He Acted as Private Citizen
and Used No Methodist
Funds, He Reports.

By the Associated Press.
DALLAS, Tex., May 8.—Bishop James Cannon Jr., chairman of the Board of Temperance and Social Reform of the Methodist Episcopal Church, South, reported to a general conference of the church today that his activities against Alfred E. Smith in the last presidential campaign "were as a private citizen and not as chairman of the Church Board."

"The chairman of the board said Bishop Cannon, in a report made actively and openly opposite the election of Gov. Smith, as a man who had always supported liquor traffic. In taking this action, he was acting as an individual citizen with a record of 40 years' active anti-liquor warfare. No part of the board were used by the church."

That the Methodist Episcopal Church, South, plans a more emphatic manifesto in favor of law enforcement than even Bishop Cannon could devise, was dictated today on the floor of the conference when Joseph Daniels, former Secretary of the Navy, clashed with the Bishop and won overwhelmingly the approval of the conference delegates.

Bishop Cannon is chairman of a church board on temperance and social service. Daniels was elected chairman of the conference committee of the same name. In presenting a report of his board, Bishop Cannon asked that two resolutions which were a part of the report be referred to Daniels' committee. This brought an immediate protest from the former Secretary of the Navy.

"We want to make a declaration of strong and powerful on behalf of law enforcement," Daniels shouted, "it will be heard throughout the country. For this reason the committee wishes to consider all suggestions on this subject before framing this declaration."

The two resolutions which Bishop Cannon had asked to be considered by the whole conference without committee reference were:

That the conference petition President Hoover for speedy action on all law-enforcement measures.

REALTY DEALER SURRENDERS ON FORGERY CHARGES

Louis F. Tissier, East St.
St. Louis, Arraigned—
Investors to Lose \$100,000
by Manipulations.

LICENSE REVOKED
10 MONTHS AGO

Formerly in Business With
Brothers One of Whom
Denies Accusations—
Deeds of Trust Spurious.

Louis F. Tissier, East St. Louis real estate dealer, surrendered today to detectives who had three warrants for his arrest, charging forgery and operation of a confidence game in connection with real estate transactions. He was taken before Justice of the Peace Anthony Stocker and released on bonds of \$15,000 in cash.

Tissier made no statement, but his brother, Charles, formerly associated with him in the real estate business, said: "If Louis had to settle everything right now, nobody would lose a cent. He has property, some of it incumbered, to be sure, sufficient to pay all claims against him."

Two of these named in the warrants as forgery victims, Mrs. Catherine Grossheim, 1715 Cleveland avenue, East St. Louis, and George Metzger, Tissier's brother-in-law, were in the real estate office for a conference with Tissier.

Charles Tissier asserted. He said he could not understand the issuance of the warrants.

The warrants, issued yesterday by Assistant State's Attorney John Roberts, are based upon an investigation conducted by George G. Suprunowski, investigator for the Illinois Department of Registration, that Tissier had sold a few days ago that loses to persons who investigated in real estate through Louis Tissier would reach and might exceed \$100,000.

Suprunowski said he is investigating another case wherein he charges the real estate dealer placed a \$2000 mortgage on property valued at \$750.

Assistant State's Attorney Roberts, who asserted that East St. Louis Real Estate Exchange revoked Tissier's license to sell real estate 10 months ago, declared that several Catholic priests had lost money through transactions with Tissier, who is active in Catholic organizations.

Changed Title Cover.
Two of the warrants concern transactions with Mrs. Grossheim. Suprunowski said today that Tissier attached to an old title cover used in connection with other property a description of property owned by John and Lizzie Alska, formerly of East St. Louis, but now living in St. Louis.

Erasing the name of the property owner from the title cover, which, like similar documents, bore notation it had been investigated by a title guaranty company. Tissier inserted the names of Alska and his wife and then sold Mrs. Grossheim a \$7000 first mortgage and a \$2000 second, Suprunowski said.

The forgery charge, according to the investigator, is based upon the signature of the original names from the cover and the insertion of the Alska's names. The confidence game charge is based upon the same charge is based upon the same alleged offense.

Mrs. Grossheim purchased the second deed in 1922 and the first in 1924, according to the investigator.

The third warrant charges that Tissier forged the signatures of Bertie Wilson and his wife, Grace, of East St. Louis, to a warranty deed conveying the property to Metzger for \$3000, and then used his own notarial seal to acknowledge the signature.

Formerly With Brothers.
Tissier, who resides at 515 North Twenty-third street and has offices in the Murphy Building, formerly was in business with his two brothers, Charles and Paul, under the firm name of Tissier Brothers Real Estate Co. The brothers are not connected with the concern now, but Tissier has continued business under the firm name.

Tissier is 54 years old and the father of 11 children. His wife, Mrs. Clara Tissier, has been in St. Mary's Hospital, East St. Louis, for the past eight weeks, following an operation.

Eight months ago, police were informed that Tissier was missing from his home. When he returned after three weeks, he denied the truth of rumors then current that his business had been investigated and said "I think everything will come out all right."

Elected Mayor of St. Paul.

By the Associated Press.

ST. PAUL, Minn., May 8.—Piling up a majority of nearly 10,000 votes, Gerard J. Bundlie, attorney and World War veteran, was elected Mayor of St. Paul in Tuesday's election, a final tabulation of the votes showed Bundlie defeated James M. Clancy, Labor candidate.

Employees escaped injury by entering the vault when a tornado hit the town, killing 25 persons.

WATER FIGHT AT HARVARD ENDS IN CLASH WITH POLICE

S. C. Davis Jr., St. Louis, One of
Two Hurt; Bottles Thrown
in Melee.

By the Associated Press.
CAMBRIDGE, Mass., May 8.—Several hundred Harvard students, many in pajama clad, marched last night through the Gold Coast section of the city, breaking windows and fighting with police. The melee ended in a water fight.

Carroll H. Parker, secretary of the Phi Kappa Psi fraternity, was arrested and charged with disturbance of the peace. Samuel C. Davis Jr., St. Louis, and John K. Bottomley, Boston, freshmen, were taken to the college infirmary with injuries suffered in the melee. The trouble started, police said, after a water fight in one of the dormitories during the arm evening. A policeman turned in a riot call.

Parker was sentenced to five days in the House of Correction for disturbing the peace. He appealed and was held in \$50 bail.

At the home of Samuel C. Davis, 12 Westmoreland place, it was said that Davis had talked by telephone with his son and had been assured that he was not seriously injured. Davis is a retired capitalist.

Three Months and \$100 Fine
FOR DEATH OF WOMAN IN CRASH

Nile Hodges, 20, Pleads Guilty of
Manslaughter in Fatal Auto
Accident.

Nile Hodges, 20-year-old laborer, 1708 Chouteau avenue, was sentenced to three months in the Workhouse and fined \$100 by Circuit Judge Calhoun today when he pleaded guilty of manslaughter in the death of Mrs. Mary Macha, 4385 Beck avenue, who was killed in an automobile collision Sept. 8, last.

An automobile driven by Hodges struck and overturned the automobile in which Mrs. Macha was riding with her husband, at Geyer avenue and Longfellow boulevard. Inquest, police testified that Hodges was racing another automobile when his car plunged into the side of the Macha machine at the intersection.

MO.-PAC. TAKES OUT PERMIT
FOR \$330,000 GRAIN BIN

Structure at 2900 Van Buren to Be
160 by 700 Feet in Area,
125 Feet High.

The Missouri Pacific Railroad obtained a city building permit today for the concrete superstructure of a grain storage bin at 2900 Van Buren street, to be 160 by 700 feet in area, and 125 feet high. The estimated cost is \$330,000.

Previously the railroad had taken out a permit for the foundation of the bin, estimated cost \$42,000.

MERCHANT FREED;
TELLS OF 48 HOURS
WITH KIDNAPERS

Continued From Page One.

times, but feared I would be poisoned, so took only a little bread and coffee. I slept intermittently. My guard was always beside me and I think he slept, too.

"Late yesterday the two other men came back in a hurry and said to me: 'We made a mistake, you're not the man we wanted; we're going to let you go after dark.' My guard indicated the situation with me saying: 'We had information that you were worth \$300,000, but we learned we were mistaken, and that's all there is to it. We'll just all forget about it.'"

"They untied my hands and feet, and returned my eye glasses, watch and \$4 they had taken from me. They took me upstairs, put me in a car and drove me around for 20 to 25 minutes. When they stopped in a quiet place, one man told me: 'Get out, Mr. Godlove, you're not far from home.' Another man said: 'Don't say a word to anybody. We got somebody watching you.'"

"I had left my fedora in my car back home, and one of the men had loaded me with it. He took it back before they left me. When they drove off, I removed my blindfold and discovered I was behind the Art Museum in Forest Park. "I walked to Skinker and Oakland, boarded a bus and told the conductor I was the man in the Godlove kidnapping. I got off at

Roseale and Waterman walked home.

"I'm none the worse for wear except a cracked knuckle from lying on that cold floor." Godlove's shoes were scuffed about the sides and heels, from contact with the floor. Because of the masks and blindfold, he said he did not think he could identify the extortionists.

Both Godlove and his son said no ransom had been paid.

Scared by Publicity.
On his return home, shortly after 10 o'clock, Godlove telephoned his son's wife, who notified police. At the time, Godlove's son was out with city detectives, visiting several places where tipsters reported the missing merchant might be found.

Ralph Godlove expressed a belief that his father's release was brought about by the publicity in yesterday's afternoon newspapers. He said publication of his statement that the family was not in position to raise \$20,000 ransom doubtless discouraged the extortionists, and news of police activity made them fear they would be apprehended. Chief of Police Gerk agreed that the publicity scared the extortionists.

Guarded by two city detectives at his son's home, the elder Godlove enjoyed a full night's sleep. Investigating this morning in the vicinity of the Art Museum, police found a piece of toweling which had been abandoned. Valley drive, near Government drive, mud beside the road, were fingerprints and handprints, as if someone had slipped there.

Familiar With Affairs.

Police are convinced that Godlove was kidnaped by someone familiar with the Godlove family business. Monday night, shortly after his father had disappeared the son received a telephone call from a man who said: "Hello, Ralph, this is a friend of yours. Just called you to tip you off that your father's been kidnaped by a bunch of dopes. They're going to hold him for ransom and might hurt him. Better hustle around and get some dough."

The elder Godlove recalled that one of his captors remarked: "We know your son, Ralph. We've known him for years." The man indicated his familiarity with Godlove's Fourteenth street store by mentioning some of the items carried in stock there.

Investigators think the extortionists may have concluded Godlove had inherited a large estate from his wife and partner who died last month. However, a statement filed in Probate Court by Godlove values his wife's estate at \$1524.

Second Failure.

Release of Godlove marked the second failure this year of kidnappers here. Jacob Hoffman, St. Louis bookmaker, abducted Feb. 18, in a downtown holdup and held for \$25,000, was rescued during ransom negotiations when police swooped down on "Bayless Grove," a St. Louis County resort, in the basement of which Hoffman had been detained for 64 hours. His two guards and the owner of the resort were arrested. They have been indicted on kidnapping charges and released on bond.

SENDS ULTIMATUM TO KANSAS CITY BUSINESS BUREAU

Head of National Organization
Says Manager Must
Be Ousted Over Young
Brothers Affair.

Special to the Post-Dispatch.
KANSAS CITY, Mo., May 8.—Either the Kansas City Better Business Bureau will discontinue the services of George Huser, its manager, or it will be cast adrift by the Affiliated Better Business Bureaus of the United States and Canada. This ultimatum has been delivered to John Henry Smith, Chairman of the Board of Directors, by Kenneth Barnard, president of the Affiliated Bureaus, by letter from Detroit.

The crisis in the affairs of the Kansas City Bureau developed after the visit of Barnard to Kansas City last week, his investigation into the affairs of the bureau and his final exclusion from executive meetings of the Board of Directors, to which Huser was admitted.

The acceptance by Huser for the Kansas City bureau of the \$500 contribution from W. H. Young Bros. & Co., Inc., defunct St. Louis brokerage concern, was only one angle of the general complaint lodged against Huser's management by Barnard. It was the incident that brought on the investigation, but Barnard cited other reasons for a change in the management of the bureau.

When the Board of Directors met last week to hear Barnard's complaint, Huser was invited into the session. It developed into a personal quarrel between Huser and Barnard, with the directors apparently taking sides with Huser.

Finally the board went into executive session and Barnard was asked to leave. Huser remained, and he attended all succeeding sessions from which Barnard was excluded.

The letter from affiliated headquarters indicates the board of the Kansas City Bureau does not feel answerable to the Affiliated Bureaus, that it is failed to inform the latter of its action or intended action in the matters complained of by Barnard.

The Affiliated Bureaus take the position that the integrity of the management of the Kansas City Bureau has been brought into question in that its usefulness is ended until readjustments have been made.

Disclosure of the Youngs' contribution to the Kansas City Better Business Bureau came after the failure of the brokerage firm, The St. Louis Better Business Bureau had refused to admit Young Bros. to membership.

Secretary of State Charles U. Becker, replying to criticism by the St. Louis bureau of his failure to protect investors against Young Bros., pointed to Huser's association with the Youngs and inquired: "Which is the better business bureau?"

Correspondence in the files at the home office of the Young Bros. in the Central National Bank Building, indicates an intimate friendship between Huser and Fred C. Young, vice president of the firm. In a letter written from St. Louis, Young enclosed a newspaper photograph of himself with a large fish, to which Young jokingly suggested that Huser quit Better Business Bureau work and take up fishing for a living.

New Episcopal Bishop Chosen.
BOSTON.—Henry Knox Sherrill, rector of Trinity Church, Boston, today was elected Bishop of the Episcopal Diocese of Massachusetts. He succeeds the late Bishop Charles L. Statters.

PRICE WAR FORCES CLEANERS TO TRY CHAIN STORE IDEA

Half of Shops Going Bankrupt if Situation Continues Another Six Months, Several Say.

"Bankruptcy for half the industry" is predicted by some St. Louis cleaners and dyers if the "price war," which started last November, continues for another six months.

"We all jumped into this business of giving away cleaners and no one wants to be the first to put the price up," the owner of a large wholesale plant said today to a Post-Dispatch reporter. "It appears that half the cleaners will be broke before the cut-throat policy ends," he added.

Present indications point to a continuation of the low prices beyond the period of predicted financial disaster, due to an unexpected turn of events. Prices were reduced last autumn from \$1.50 for cleaning a man's suit, the standard by which cleaning prices are regulated, to 75 cents when called for and delivered, and 50 cents "cash and carry."

The reduction was made by the Lungstrams company, the largest cleaning establishment in the city, and was followed by other cleaners in an effort to meet mail order and chain store competition. Due to the volume of business resulting from the low prices, the chain store and mail-order business was not eliminated, and two local wholesale concerns are now promoting chain store programs calling for the establishment of 175 neighborhood cleaning establishments.

Plans 100 Shops.
A plan for 100 neighborhood shops, known as the "Swiss Cleaners," is being carried out by Harry Tabler, head of the Tabler Cleaning Co., 2515 North Grand boulevard. Eight of the places are established and two more will be in operation Monday, Tabler said. An inexpensive cleaning process, which can be installed in the individual shops, makes profits possible at "50 cents cash and carry."

According to Tabler, who was not joined other wholesalers in the organized St. Louis Cleaners & Dyers Association.

The second chain group, "Metro Stores," is being organized by the Metropolitan Cleaners, 1716 North Garrison avenue. These stores, all of which will be painted in the same color, will be receiving deposits, rather than individual cleaning establishments, the cleaning being done at the main plant.

H. W. Schenke, president of the Metropolitan Cleaners, said 27 of the stores are being organized at present, and he plans a total of 75.

Schenke is among those who see a large percentage of the industry if present conditions continue, and declares he has entered into the chain store program through necessity.

Doubtful of Profits.
"I saw two of my good customers, both bankers, carrying their suits to a cash and carry place one morning while driving to work, and I decided that the Metropolitan Co. had better get into the 50-cent cleaning game, or close up."

Schenke said, "We may close up anyway unless a profit develops unexpectedly from the volume of cleaning under the low prices. The profit has not shown up so far and I don't think there is a cleaner in town who can borrow a dime from a bank. It has cost this firm some good money to do business since last November, and the same applies to the rest of them, even though they don't admit it."

Fred Burger, head of the Burger Cleaning Co., 4248 Easton avenue, and president of the wholesalers' group, which includes 18 plants.

1000 Varieties of Iris Shown at Shaw's Garden

20,000 Blossoms, Looking Like Sea of Color,
Are Prepared as Special Sunday
Attraction.

The most brilliant outdoor spectacle of the year awaits visitors to Shaw's Garden, where 20,000 blossoms told in a sea of color for Iris Sunday.

Visitors who stand at the edge of the American Iris Society test garden south of the Henry Shaw Museum seem in danger of being engulfed by an iridescent wave. Varying heights and the trembling of even the most outstanding irises in the stiff breezes of this season impart an undulant motion like a gentle swell. Although this range from sunny gold to wine purple, they blend subtly.

For this effect, though nature had something to do with it, tilling man had to scheme and strive. The 1000 selected varieties of the test garden have been classified in color and rating, and planted in orderly groups. South of the white pergola are hundreds of new arrivals in fashionable varieties, showing off their colors to the world but especially to Floriculturist Kohl, who will find for each its proper place in the test garden.

White and Lavender.
Flowers white as the foam of the sea lie at the feet of visitors standing at the pergola. On either side are lavenders almost white, deepening in successive waves toward the north into delicate violet and lavender-pink, a midnight purple and a crimson that is almost black. At the northern edge gleam the yellows.

Colors blend so utterly, in such

insensible transitions, that one does not realize their complexity until he examines—the individual flowers. Here the average stock of adjectives splutters and quits like an overtaxed carburetor. Even the connoisseurs find it difficult to name these tints. For some they call the way to the differential stains of the bacteriologist. Amateurs inadequately might call the George J. Fribol a dusky purple, but the experts elucidate, it really is a nigrescent violet.

Iris connoisseurs flourish these days, for the flower has become a gardeners' idol. But they must work to keep their laurels, since new varieties come in and thrust the old from the limelight every season. Many of the newcomers may be found south of the pergola.

Among Those Present.
One of the most impressive is the tall "windjammer," spreading huge falls and standards like purple sails. There are the deep red "Apache," the white "Gaviato" from California, the dainty lavender "Elsaine" and many so new their names.

This garden is pleasant enough for the casual visitor. But if he wants to avoid amateurs noting down the names of new varieties, and experts debating in torrents of erudition, he may well return to the old iris garden south of the Linnean House, where hundreds of older but fine varieties bloom in a display of color almost as satisfying.

Join Scheme in Predictions of bankruptcy. "We do not solicit wholesale business any more for fear we will get it," he said. "The wholesale price on a suit is so low I am ashamed to tell you what it is. The 75-cent retail price is also a losing proposition."

The return to "open-shop" operation by the wholesalers last fall failed to influence the situation much, according to Schenke. "We save a little on wages, but it doesn't amount to much," he said. "What we need is a Judge Landis to straighten this business out."

In addition to the wholesalers, there is the retail group organized as the Master Cleaners' Association, headed by Robert Lungstrams. The majority of these concerns do a delivery business at 75 cents a suit.

FOX WEST COAST BUYS

CHAIN OF 60 THEATERS

By the Associated Press.
LOS ANGELES, Cal., May 8.—Harold B. Franklin, president of the Fox West Coast Theaters, announced yesterday the purchase of the Midland Circuit of 60 theaters in Kansas, Missouri and Iowa, at a reported price of more than \$4,000,000. Franklin said the deal increased the theater controlled by Fox to more than 500. Fox West Coast theaters some months ago began to acquire theaters throughout the United States for the showing of Fox Film Corporation productions. The Miller and Midwest Theater chains in the Midwest, were recently acquired by the Fox West Coast concern.

ONE \$21,000 PLEDGE TO SYMPHONY FUND

Contributions Reach \$401,936;
Several Other Large Gifts
Received.

The Symphony Orchestra's golden jubilee fund mounted to \$401,936 today, the tenth day of the campaign to raise \$750,000 needed to support the organization for the next three years.

Campaign workers meeting at luncheon at Hotel Jefferson reported subscriptions of \$25,218 for the day. Included in that sum is one pledge of \$15,000 secured by the Executive Committee.

Donors of large sums have asked that their names be withheld. L. A. Stevens, campaign chairman, disclosed that the largest single contribution is one of \$21,000. Seven persons have given \$15,000, one \$10,000, one \$7500 and a number to contributions between \$1000 and \$5000 have been received. Three public utilities have given \$3000 each, Stevens said.

He reported that the Executive Committee had been encouraged by the reception it received in soliciting contributions from large industries. Because such donations must be approved at meetings of boards of directors, comparatively few will be announced before next week, he said.

Branch Rickey, vice president and general manager of the St. Louis National League baseball club, spoke at the meeting. He told the workers one of the champions of Cardinals a few years ago employed the expression "he paid the price" in referring to teammates who gave their best efforts. He predicted success for the campaign if the workers continue their efforts, saying that the organization that is willing "to pay the price" will win, whether its field is baseball or the fine arts.

WALTER JORGEN, COAL
DEALER, KILLS HIMSELF
Leaves Note Declaring He Is "Tired
of Living"; Shoots Self in
Head.

Walter Jorgen, 32 years old, head of the Walter Jorgen & Bros. Coal Co., killed himself this morning by shooting himself through the head with a revolver at his home, 2528 Hickory street.

The body was found by his sister, Miss Anna Jorgen, who was attracted by the report of the weapon. A note stated he was "tired of living."

PHONE FIRM OFFICER KILLED

LITTLE ROCK, Ark., May 8.—Lucius M. Loring, division traffic superintendent of the Southwestern Bell Telephone Co., was found shot to death under a tree in Westwood, a suburb, early today.

A pistol was in his right hand and his automobile was parked nearby, officers said.

**ACQUITTED OF KILLING
WIFE'S UNCLE IN 1919****Frank Badolato Found Not
Guilty of Shooting Angelo
Porcelli During Quarrel.**

Frank Badolato was acquitted yesterday on a charge of first degree murder, arising out of the shooting 11 years ago of his wife's uncle, Angelo Porcelli. A jury in Circuit Judge Taylor's court found him not guilty on the second ballot.

The killing followed a quarrel between Badolato and his wife at their home, 823 Carr street. His wife divorced him during his absence and has remarried.

Immediately after the shooting Badolato left the city, and told the police at the time of his arrest last August that he went to Chicago, Fort Wayne, Ind., Houston, Tex., and Cleveland, and had returned to St. Louis 18 months before his arrest.

Badolato pleaded self-defense. He testified the quarrel between him and his wife started when she asked her not to go out that evening, saying: "Why don't you stay at home and take care of your children?" His wife left the house, he testified, and went to the home of her mother.

A quarter of an hour later, Badolato said, his wife's uncle came to the house, where he had remained to take care of the younger of their two children, and threatened to kill him. When Porcelli further threatened to kill the child Badolato held in his arms, neighbors, attracted by Porcelli's loud threats, took him out of the house.

Shortly afterward Porcelli returned, with a revolver and, accompanied by the former Mrs. Badolato and her mother, Mrs. Mary Clatto, now residing at 4809 Westminster place, fired two shots at Badolato, who had obtained his own revolver to protect himself. When Porcelli fired, Badolato testified he shot twice in return.

The former Mrs. Badolato attended the trial, but was not permitted to testify. Her mother, Mrs. Clatto, principal State witness, testified Badolato had threatened to kill Porcelli when he first visited the house, and fought her off on the second visit when she tried to protect her brother.

Mrs. Rose Ventimiglia, 1827 Bacon street, and Mrs. Lena Russo, 1807 Carr street, neighbors of the Badolatos in 1919, corroborated the testimony of the defendant. Badolato is 32 years old.

J. E. MOONEY ACQUITTED**AFTER SEWER DISTRICT ROW
Was Charged With Assault When
He Struck Chamber of
Commerce Secretary.**

John E. Mooney, attorney and chairman of the Taxpayers' Protective Association which has been conducting a campaign against sewer districts in St. Louis County, was acquitted of a charge of common assault brought by Jefferson Smith, executive secretary of the County Chamber of Commerce, by a jury in Justice of the Peace Stecker's court yesterday. The jury deliberated 10 minutes.

Smith testified that he called Mooney a liar when the lawyer, in conversation on the Clayton Courthouse square, April 29, declared that the banks which have loaned money to sewer districts were trying to influence the Special Sewer Investigating Committee of the Chamber of Commerce. Mooney then struck him, Smith said, causing him to lose his hearing for several hours. Mooney, he added, then apologized.

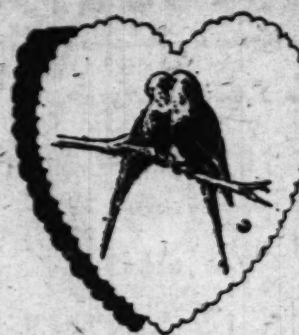

Mooney said that he had made the statement in the presence of Smith and that he "gave him more of a push and a slap" when Smith again called him a liar after Mooney warned him against it. He said he immediately apologized, realizing he had struck a man of much smaller size.

Former Prosecuting Attorney Fred Mueller said Mooney's blow looked like a "smart slap."

The Chamber of Commerce Committee has not made its report.

**BANKER, SHORT \$125,000,
GETS 30 YEARS IN PRISON****Fred J. Bulst, Cawker City, Kan.,
Cashed Pleads Guilty; Denies
Taking Funds.**By the Associated Press.
BELOIT, Kan., May 8.—Fred J. Bulst, defaulting cashier of the Commercial State Bank of Cawker City, pleaded guilty on eight counts of forgery, embezzlement and falsifying records yesterday and through various concurrent and consecutive terms received a maximum sentence of 30 years in prison.

Bulst, who is alleged to have been short \$125,000, said he had not taken the money for himself. He declared that for several years he had returned half of his \$2400

salary to the bank and that funds of his family totaling \$22,000 were wiped out in the crash. He declared he had speculated with the bank's funds in an effort to recoup for the institution.
The banker came alone to court. His wife is with relatives in Fort Worth, Tex.**Fox Film Manager Signs Contract.**

SAYS FAMINE IS DRIVING

CHINESE TO CANNIBALISM

Missionary From Dangar Region Says Parents Draw Lots on Fate of Children.

By the Associated Press.

PEIPING, China, May 8.—Victor Plymire, York, Pa., of the General Council of the Assemblies of God, has arrived in Peiping from the Dangar family area, near the Tibetan frontier, with his wife and sister-in-law, after terrific hardships. He said that in the western Kansu area famine conditions were so bad that parents were drawing lots to see in what order their children would be eaten.

The three Americans had been on their way since March 4 and because of the terrible conditions their own health was shattered. They are now on the way to the United States to recuperate after nine years of missionary work.

Plymire said that the Dangar district often was overrun by bandits, who in one massacre last year killed more than 3000 persons. At one time 7000 wounded were being cared for in the Plymire compound. Cannibalism, he said, had been practiced for months in the Nienpai and other towns in the district east of Lake Kokonor. He told of stories of how families determined which children should be eaten from time to time under a scheme which prevented parents from eating their own offspring.

COURT CLERK GUS A. BAUR

FILES FOR RENOMINATION

Alderman Hoefle to Run for Post Now Held by Herman Bader; Other Candidates.

Gus A. Baur, Clerk of the Court of Criminal Correction, filed his candidacy with the Election Board yesterday for the Republican nomination to succeed himself. State Representative George D. Fisher of the Third District also filed for the Republican nomination to succeed himself.

Four candidates for the Republican City Committee were filed, as follows: William H. Hulse, incumbent and Commissioner of Weights and Measures, Seventh Ward; Mrs. Emil Marientfeld, incumbent, Seventh Ward; Oliver Kratz of 3445A Iowa avenue, Tenth Ward; Mrs. Louise W. Schneider, Tenth Ward; Henry I. Berger, incumbent, Second Ward; and Mrs. Charles L. Lampel, incumbent, Second Ward.

Alderman William Hoefle, of the Second Ward, filed his candidacy today for the Republican nomination for clerk of the Courts for Criminal Causes. Herman Bader, the incumbent, has not yet announced whether he will seek to succeed himself.

William Hayes, 3209 Barrett street, filed for the Republican nomination for Justice of the Peace of the Seventh District. Gus Oetting, the incumbent, is expected to seek the office again.

PLANE BEHIND SCHEDULE,

PASSENGER WANTS \$901,344

New Yorker Asserts Failure of Craft to Reach Miami for Hotel Sale Caused Big Loss.

Special to the Post-Dispatch.

NEW YORK, May 8.—The question whether a passenger in an airplane can recover from the owners of the plane should it fail to meet the terms of the contract between owner and passenger is the basis of a suit filed in Supreme Court by Albert J. Richey of New York against Roosevelt Field, Inc. Richey's action is counter to a suit by Roosevelt Field, Inc., for \$500 which officials of the field say is due them from Richey for a New York-to-Florida flight, starting Oct. 25, 1929. Richey is suing for \$901,344. He asks \$344 for disbursements during the trip, \$1900 for the loss of a week's time and \$900,000 which he says he would have made by the purchase and resale of the Miami-Biltmore Hotel at Miami, had the plane got him there in time to attend the foreclosure sale for which he was bound.

Richey said he left Roosevelt Field with a pilot known only to him as "Winning." He alleges that "either through lack of ability, courage or knowledge the pilot refused to proceed beyond Jacksonville."

Richey stopped payment on the check for \$500 which he had given Roosevelt Field for his fare.

TWO HURT IN AUTO ACCIDENTS

Bernadine Furtak, 4 years old, 221A Sidney street, suffered a fractured skull yesterday when struck by an automobile driven by William Robertson of East St. Louis, while attempting to cross the street in front of her home.

Dominick La Rue, a carpenter, 2044 Arlington avenue, suffered a fractured skull in a collision between a machine he was driving and another automobile at Lillias avenue and Kingshighway Northwest. La Rue's car was overturned.

Arson Continued in Haiti.

By the Associated Press.

PORT-AU-PRINCE, Haiti, May 8.—After three days' respite from incendiary fires which have been causing grave concern here, an unsuccessful attempt was made today to burn the home of Lieut. Edwin Farrell of Grand Rapids, Minn., an aid to Gen. John H. Russell. Mrs. Farrell smelled smoke during the night and notified the police. Menziesville Lieut. Farrell investigated and discovered that a bundle of burning rags saturated with kerosene had been stuffed into a hole cut in the side of the building.

E. F. Feely Minister to Bolivia.

By the Associated Press.

WASHINGTON, May 8.—Edward F. Feely of the District of Columbia today was appointed by President Hoover as Minister to Bolivia.

AWARDS IN JOURNALISM BY MISSOURI UNIVERSITY

Medals Given to New York Times, Buenos Aires Paper and Three Persons.

By the Associated Press, COLUMBIA, Mo., May 8.—Awards of medals of honor to two newspapers and to three individuals for distinguished service in journalism were made today by the School of Journalism of the University of Missouri.

One of the newspaper medals was given to the New York Times, and the other to La Prensa, Buenos Aires, Argentine. The three individuals honored were: Ward A. Neff, publisher of the Chicago Daily Drivers' Journal, an alumnus

of the Missouri school; Perry R. Bullen of New York, American correspondent of the London Daily Telegraph; and E. W. Stephens, Columbia, a Missouri publisher. Dean Walter Williams, founder of the first school of journalism in the world at Missouri University, presided at the ceremonies. The three individual journalists were here for the ceremonies, responding to Dean Williams' speeches of presentation.

Senate Passes Bridge Bill.

By the Associated Press. WASHINGTON, May 8.—The Hawes bill to extend for one year the time for beginning a bridge across the Mississippi at Carondelet was passed yesterday by the Senate and sent to the House.

CITY G. O. P. COMMITTEE SEEKS STRONG TICKET

Will Ask Advice to Avoid Reversals Suffered at Polls in 1928.

A determined effort will be made by the Republican City Committee to have a strong group of candidates on the G. O. P. ballot for the primary election of Aug. 5. The committee desires to keep candidates who may be subject to general criticism, because of their past records, from entering the race for the various offices.

It has in mind particularly the disastrous effects of concentrated attacks by the press on candidates whose careers have been objectionable. In this connection, the committee recalls the election of Democrats to three places on the Circuit bench and as Circuit Attorney in 1928.

Acting on a recommendation of Park Commissioner Rape, chairman, the committee voted Tuesday night that its members should discourage weak candidates from filing for office, that the committee personnel should not commit itself to any candidates for nominations until filing time ends, and that when all candidates are filed the committee shall consider all the aspirants for office and give support only to those who it believes will be strong opponents for the Democratic nominees in the general election. The vote was unanimous, one of the 56 committee members being absent.

The Republican committee is planning to have a group of representative Republicans advise with it in selecting the candidates to be supported for nomination. Time for filing candidates expires June 6. A comparatively small number have filed so far.

Individual candidates were not mentioned in the committee's discussion. It is recalled that the committee desired to present a solid front in support of the nomination of Gov. Caulfield, but several members broke away in favor of former Lieutenant-Governor Bennett. Similar instances of the inability of the committee to stay solidly behind a candidate have occurred a number of times in the past.

EAST ST. LOUIS LOSES \$1000, FAILS TO COLLECT TAXI FEES

Only One of Eight Concerns Operating Cabs Pays License Under City Ordinance.

The city administration of East St. Louis, which is following a policy of economy because of a lack of funds, is losing approximately \$1000 a year because it fails to collect its license tax from companies operating taxicabs. A city ordinance provides that a service car or taxicab shall be licensed at the rate of \$25 a year, payable Jan. 1.

There are nine companies listed which operate an estimated total of 40 cabs in the city, in addition to service cars operated by individuals.

The records in the office of the City Clerk show that only one cab company, the Bluebell, has paid its license fee this year. This firm paid \$175 to license seven cabs.

THE REV. JULIUS C. KRAMER, EVANGELICAL MISSIONARY, DIES

He Formerly Was Pastor of Bethesda Church, St. Louis, and at Loveland, Col.

The Rev. Julius C. Kramer, for more than 50 years an Evangelical missionary, holding pastorates all over the country, died yesterday at the Deaconess Hospital of the infirmities of age. He was 82. The Rev. Mr. Kramer, who had lived for the last year at the Good Samaritan Home, 4500 Washington boulevard, was a former pastor of Bethesda Evangelical Church and nine years ago was

made pastor emeritus of the Evangelical congregation at Loveland, Col., after serving there four years. He is survived by two daughters, Mrs. F. Frankfeld and Mrs. Edward F. Marienau and four sons, Julius, John, Levin and Oscar Kramer, all of St. Louis. Funeral services will be held at the Good Samaritan Home tomorrow afternoon at 2 o'clock and burial will be in Zion Cemetery.

GRAPE JUICE For Breakfast!

Physicians Recommend It

Here are seven of the reasons why Welch's is fast becoming the favorite breakfast fruit juice in many thousands of homes:

1. Welch's is the pure, undiluted juice of luscious Concord grapes. Pasteurized.
2. Welch's is rich in fruit nourishment and mineral salts, and so perfectly adapted to the human system that it is taken into the blood-stream without digestive effort, releasing quick new energy. It's non-fattening.
3. Welch's is already squeezed. No fuss!
4. There's no squeezer to clean, no machinery to sterilize. No mess!
5. There's not a particle of waste!
6. In every pint there are six liberal portions, making Welch's only 35¢ a glass—costs even less if diluted with one-third water, and many prefer it so.
7. It's ready instantly. And temptingly delicious. You simply dilute to suit taste, pour and serve.

At your hotel or club, ask for grape juice on your "club breakfast," and insist on Welch's. For "Ways to Serve Welch's," write to Welch's, Dept. B, Westfield, N. Y.

MAY 11

MOTHER'S DAY

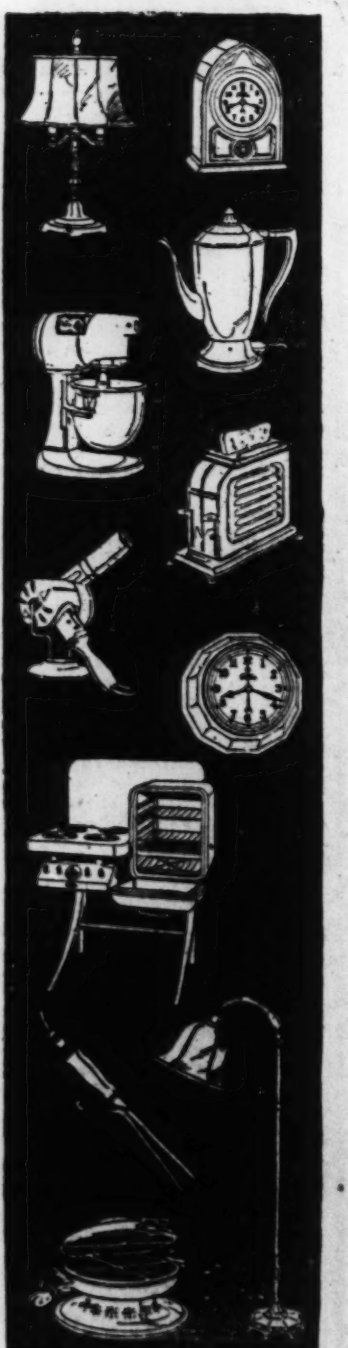

NEXT SUNDAY is Mother's Day... a day when homage is paid to the living mothers of the land and to the memory of those who have departed. It is a timely and honored occasion. Thousands are planning to show their love and appreciation of mother through some act or with some token of remembrance.

There are many suggestions in things electrical that will save mother many weary steps... that will lighten the burden of her daily duties and bring joy and happiness to her throughout each day of the year.

Perhaps a toaster, a percolator, an electric fan, a vacuum sweeper... maybe an attractive new floor or table lamp would be ideal. How delighted she would be to receive an Electrochef range—or any of a number of efficient electrical servants which may be so easily chosen at any of the nine Union Electric appliance stores.

OUTLAW BROADCASTING CAUSED COMPLAINTS

Expert Testifies in First Felony Trial Under National Radio Act.

Interference by outlaw broadcasting station W9CR in the home of George W. Fellowes, 1649A Gravois avenue, made listening to radio programs a misery to his neighbors, according to testimony at his trial before Federal Judge Faris for violation of the national radio act in operating an unlicensed station.

Fellowes, a washing-machine salesman, private detective and undesirable alien, is the first man to be prosecuted under the law. With the trial in its second day, E. A. Quinby, a licensed amateur operator, was introduced to testify about interference.

Quinby related that his friend, Al Janson, 3527A Gravois avenue, summoned him the night of Dec. 12, last, with the complaint: "Something's wrong with my radio set." The set was all right, Quinby said, but W9CR was coming in on points 1 to 75 on a 100-point dial. Janson gave similar testimony, adding that he was so annoyed when Fellowes was taken off the air that he sat up until 2 a. m. listening to the programs.

Technical radio terms which flowed from the lips of Government officials, radio experts and lawyers as the case progressed caused the Court to interrupt proceedings with a demand for "plain English."

"You lawyers," Judge Faris said, "have been reading too much in the Encyclopedia Britannica. You forget that your case is being presented to 13 ignoramuses, the Court and 12 jurors."

J. Raymond Dyer, counsel appointed by the Court for Fellowes, announced he would introduce textbooks to prove that "the air is free" and that the heretofore untested radio act is unconstitutional. "No textbooks!" Judge Faris exclaimed. "You can't cross-examine a textbook."

In substance, the case against Fellowes is that he operated a short-wave station at his home, whence he advertised his washing machines, broadcast original programs, rebroadcast programs picked up from WLW, Cincinnati, and conducted a "voice transmission period," in which he invited listeners to telephone his home and talk to their friends over the air. He obliged his listeners by holding his telephone receiver against the radio microphone.

Frank L. Root, a radio expert, testified he set up a short-wave receiver in the Federal Building in East St. Louis last December, listened to Fellowes' programs on 1563 kilocycles and accepted the invitation to broadcast his own voice, exchanging greetings with W. G. McDonnell, a Government radio inspector, in St. Louis, who corroborated his testimony.

Paul D. P. Spearman, assistant general counsel of the Federal Radio Commission, discussed an international treaty, effective in 1929, which limited the field of broadcasting and assigned the area in which Fellowes was broadcasting to "mobile service," that is, for broadcasting from such sources as trains and airplanes. Other witnesses told of the confiscation of Fellowes' apparatus.

The investigation of station W9CR began after many radio listeners had complained of an outlaw station "which came in at the

ends of the dial" on home receivers. Fellowes, who is 33 years old, has been under \$3500 bond. Last March, on a showing that he had been in a Canadian insane asylum, the Government attempted to deport him. Canada insisted he was a native of England and measures are being taken now to deport him to that country.

TOOMBS APPEALS 'FOR JUSTICE' IN SPEECH TO JURORS

Testimony Closed in His
Trial for Illegally Issuing
Stock of International
Life.

Roy C. Toombs, president of the defunct International Life Insurance Co., attempted today to make a speech to the jury which is trying him on a second charge of illegally issuing stock of the insurance company, a charge similar to the one on which he is serving a 3-year term in the Missouri Penitentiary.

"I want justice," Toombs exclaimed, after legal objections and court rulings had cut short some statements he had attempted to make in his own behalf. "I want the jury to know all the facts. I want to explain the details to them. I have not had a fair chance heretofore, and as a result I am now in the penitentiary. I am the one who is suffering in this matter, and I know my rights."

Circuit Judge Hamilton stopped Toombs with a warning that he would declare a mistrial, if the defendant said any more. Testimony closed at 2:15 p. m. today, and the case is expected to go to the jury this evening.

The second trial was ordered because Circuit Attorney Miller did not believe the three years' term was sufficient punishment for the transactions by which Toombs, a Chicago broker, wrecked the insurance company, removing \$1,500,000 of its assets, after having bought control of the company on a shoe-string. A third charge of illegal issue of stock, and two charges of grand larceny, are pending.

The State today, in cross-examination of Toombs, introduced a new item of evidence, not used in Toombs' first trial. It was an over-issue certificate for 3843 shares of the life insurance company's stock, dated Nov. 28, 1927, and shown by the company's records to be unauthorized and invalid, as no stock was then in the company's possession.

It was not shown by testimony what use was made of this over-issue certificate, but a witness in the case, when asked about the matter by reporters, said the certificate was used as collateral on a \$225,000 loan from a St. Louis business man, and later was replaced with valid stock.

The State considers this item of evidence significant because of the date of the certificate. Toombs' defense, as to the three over-issue certificates on which the indictments are based, is that the directors had voted him on Jan. 5, 1925, an amount of stock sufficient to cover the certificates. He contends that though he was unable at the time to get possession of his stock, he was entitled to it, and later used it to validate the transactions. The date of the newly introduced over-issue certificate is more than a month before the directors' action was taken.

The three over-issue certificates named in the indictments, for the second of which Toombs is now being tried, were for 3000 shares each, and were sent to E. P. Greenwood, president of the Great Southern Life Insurance Co. of Dallas as collateral for a \$500,000 loan Jan. 17, 1928. This was 12 days after the directors' vote to transfer 15,000 shares of stock to Toombs.

Toombs testified, in his direct statement in his own behalf yesterday, that on June 16, 1928, having obtained a sufficient quantity of the company's authorized stock to cover the Greenwood loan, he sent the valid stock to Greenwood, to replace the over-issue stock sent him in January.

On this fact, the defense bases its argument that Toombs acted without fraudulent intent. The defense tried to bring out this fact in the cross-examination of State's witnesses, former officials of the insurance company. The matter was excluded by the court, following the argument by Assistant Circuit Attorney Hennings, that an act in June had no bearing on offenses committed and completed in the previous January.

Toombs told how the board of directors of the International Co., holding concern for the insurance company, voted Jan. 5, 1928 to transfer to him 15,000 shares of the insurance company's stock, to be paid for with bonds or interim receipts. This included the shares held in safe deposit. The State had brought this matter out through other witnesses, showing that before the directors took this action, Toombs resigned as a director and vice president of the holding company, and his brother, George E. Toombs, was made president of the holding company.

No Interim Certificates Given.
The State also presented testimony of W. F. Grant, vice president of the insurance company, that Toombs did not furnish the promised interim certificates as payment for the 15,000 shares of insurance company stock. Toombs, in his testimony, declared that he did make the payment, giving the interim receipts to his brother, as president of the holding company. Toombs, when cross-examined, said the interim certificates, which were for municipal, public utility and county bonds, were given to his brother, in Toombs' presence, by Toombs' brokerage partner, Daily, at a Toombs-Daily office in Chicago. He was asked whether any bonds were delivered later to

take the place of the interim certificates, and said he did not know. Interim certificates are receipts for money paid by subscribers to bond issues, and are to be replaced by bonds when the bonds are issued. Patrick H. Cullen, counsel for the defense, will argue that, as Toombs was entitled to the stock, his action in sending over-issue certificates to Greenwood was irregular, but not fraudulent in intent. The issue of intent was successfully raised by counsel for Forest Ferguson, dry goods merchant and manufacturer, in his trial in Federal Court last September, on charges of mail fraud through false credit statements.

DR. COOK'S AID HELD ON NEW OIL CHARGE

S. E. J. Cox Named With 8
Officers of Universal Co.
in Federal Indictment.

By the Associated Press.

OKLAHOMA CITY, Ok., May 8.—
S. E. J. Cox, whose career as an
oil promoter nearly a decade ago
terminated in a sentence to Leav-
enworth Federal penitentiary, is
charged again with using the mails
to defraud in a Government move
against the Universal Oil & Gas
Co.

Cox, his wife, Nellie Cox, and
seven other officers of the com-
pany are named in warrants is-
sued yesterday on information
sworn to by H. B. Cochran, Post-
office inspector. All are charged
with fraudulent use of mails.

At the same time Federal Judge
Edgar S. Vaughn appointed Fred
K. Branson, former Chief Justice
of the Oklahoma Supreme Court,
as receiver for the company which
has headquarters here. The re-
ceiver'ship was granted at the re-
quest of R. F. Hodson, represent-
ing a group of Iowa stockholders.

Associate of Dr. Cook.
An associate of Dr. Frederick
A. Cook, one-time Arctic explorer,
in oil promotion in Texas before
the Government made a campaign
against alleged wholesale fake oil
stock selling schemes, Cox was
sent to Leavenworth prison Feb.
24, 1924, and released on parole
July 26, 1928.

"Hereafter I will think faster
and act slower," he said at the
time of his release.

Cox was publicity manager for
Dr. Cook in the latter's oil promo-
tion and wrote some of the glow-
ing literature which figured in the
conviction of the two men at Fort
Worth, Tex. At one time Cox
headed oil companies having an
aggregate capitalization of \$41,-
000,000. After his arrest in 1922,
Federal officials charged that he
swindled investors out of more
than \$1,000,000.

In 1920 he purchased three air-
planes and made flights about the
country with the late Jack London,
author.

Jointly convicted with Cook at
Fort Worth, Cox was sentenced to
eight years in the penitentiary. He
received a five-year sentence at
Houston, Tex., in connection with
the operations of the Blue Bird
Oil Co. and served part of both
sentences concurrently. Dr. Cook,
who was given a term of 14 years
and nine months, recently was re-
leased on parole.

Wife Secretary of Concern.
Mrs. Cox is listed as secretary
of the Universal Co. They have
been living here recently. Cox is
not listed as an officer of the
company.

Others for whom warrants were
issued are T. A. White, who bore
the title of "president of the or-
ganization and head of the scien-
tific staff;" Hans Adolf Kroeger,
J. Garfield Crawford, Warren W.
Edwards, James E. Dunn, William
Franklin Collins and John Stand-
ish.

District Attorney Roy St. Lewis
said the Government would allege
that the company had retouched a
picture of the Quincey Corbett well
in Texas to indicate it was a gush-
er, although it produced only salt
water, and had fraudulently ad-
vertised the ownership of an oil
lease in Texas.

Nearly every state in the Union
is included in the company's mail-
ing list. Prospective customers
received a financial statement
purported to be as of Dec. 31, 1929,
in which assets were listed at \$2,-
165,147.

The New York State Attorney-
General's office recently questioned
Richard Enright, former Police
Commissioner of New York City,
regarding the use of his name in
the company's promotion litera-
ture. He said he had invested in
the concern after inspecting its
properties in Oklahoma.

YEAR FOR WOMAN BOOTLEGGING
Pennsylvania and Husband Had
Been Convicted 12 Times.

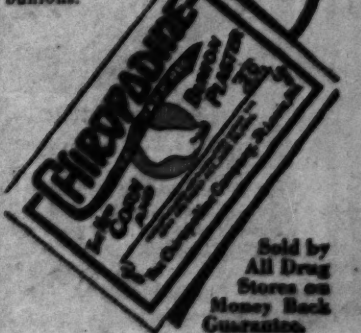

By the Associated Press.

HARRISBURG, Pa., May 8.—A
year in jail, the heaviest sentence
ever imposed on a woman violator
of the prohibition law in Federal
Court here, was given yesterday to
Mrs. Flora Popo Ivanoff of Har-
risburg, for sale and possession
and resisting an officer.

J. O. Loos, deputy prohibition
administrator, informed the Court
that she and her husband had been
convicted 12 times and that \$1000
fines had been imposed on them at
least four times.

CHARLES

St. Paul-Omaha Air Line.
By the Associated Press.
ST. PAUL, Minn., May 8.—Airplane passenger and mail service between St. Paul and Omaha, Neb., will be inaugurated tomorrow by Northwest Airways, Inc. The service will enable Northwest air passengers for the West coast to connect with transcontinental planes at Omaha instead of Chicago.

Sloan's Liniment

A Cleaner, Quicker Washing

—and I make my own soap
38,000 women in St. Louis prefer to make their own laundry and kitchen soap this easy, quick, economical way. Makes a wonderful soap for every kitchen and laundry use. If you have no washing machine try the no-rubbing recipe below.

5¢ Bar Makes Full Quart of Quick Acting Jelly Soap for all Kitchen and Laundry Uses

No-Rubbing Recipe—
Use 1/2 qt. of Stauffer's dissolved soap to boil 15 or 20 minutes—15 minutes sufficient for ordinary soiling. Remove from boiler, rinse out suds, starch and your wash is ready for the line. 38,000 St. Louis women do their washings this no-rub way. Try it. Stauffer's will not harm the most delicate silks, fabrics, or colors. Ask your grocer.

USE STAUFFER'S WASHING TABLETS

SENATE PASSES SEVEN HOOVER PRISON BILLS

Proposal for Two Additional Penitentiaries, However, Is Passed Over.

By the Associated Press.
WASHINGTON, May 8.—Two additional measures in the administration's prison improvement program, providing reorganization of Federal prison administration and diversification of employment for prisoners, were passed today by the Senate.

The administration proposal for two additional Federal institutions was passed over. The Senate approved yesterday the House bill establishing a single board of parole to consist of three members with full authority to act on all paroles. The bill did not change the present law regulating terms of paroles.

Approval also was given to four other House measures proposed by the administration, including one authorizing the use of the Public Health Service in providing medical service in the Federal institutions.

Another would authorize construction of a hospital for mentally defective delinquents. The third would remove the age limit of persons confined at the Chillicothe Industrial Reformatory after conviction in general court-martials and consular courts, and the fourth would create additional probation officers.

Release prevented action on the bill to establish two additional Federal penal institutions to meet overcrowded conditions, asserting that it was "the President's duty to investigate" and furnish relief.

ACQUITTED IN MOVIE HOLDUP
John Missler's Defense an Alibi in Manchester Robbery.
John Missler, 5556A Easton avenue, was acquitted on a charge of robbery by a jury in Circuit Judge Calhoun's court yesterday. He was charged with being one of two young men who held up the Manchester Theater, 4549 Manchester avenue, Sept. 22, 1929, obtaining \$262.

Missler's defense was an alibi, that he was at home on the night of the robbery. Members of his family testified that he was home. Richard Walker, 4467 Delmar boulevard, who is jointly charged with Missler, is awaiting trial.

Convicted of Holdup Murder.

By the Associated Press.
WICHITA, Kan., May 8.—Delbert Wolfe and Ray Brown of Ponca City, Ok., were convicted of murder here last night for the killing of Horrell Hamlin, a clerk, in a drug store holdup here last Feb. 6. The jury of 10 men and two women deliberated two and one-half hours. Conviction carries the penalty of life imprisonment.

An Established Wolff-Wilson Policy Now Endorsed by College Health Official

DR. PHILLIPS AND WOLFF-WILSON'S RECOGNIZE THE MENACE TO HEALTH OF THE PUBLIC DRINKING GLASS

In the Yale Daily News, of April 15th, 1930, Dr. F. L. Phillips, of the Yale University Health Department, says that the spread of the contagious trench mouth disease is due to the public drinking glass.

DIXIE PAPER CUPS

At All Wolff-Wilson Fountains For Your Protection

SAFEGUARDING the PUBLIC HEALTH
An Established Wolff-Wilson Policy in the Interest of Public Service

DR. PHILLIPS WARNS STUDENTS OF CONTAGIOUS TRENCH MOUTH

Says Soda-Fountains Using Mechanical Glass Washers Are to Blame For Spread of Disease.

Unless paper cups are adopted throughout the restaurants and soda-fountains used by members of the University, every student is liable to catch a serious, contagious and occasionally fatal disease, V trench mouth, also known as Trench Mouth, to a statement issued by F. L. Phillips, 19025, of Health Department, Trench mouth is a contagious disease which will spread to use.

The germs are spread of common drinking-glass that have not been washed. Soda-fountains using mechanical glass washers are considered responsible for the spread of the disease to a great extent. The germs are spread by the mouth of the person using the glass. The germs are spread by the mouth of the person using the glass. The germs are spread by the mouth of the person using the glass.

There is no question of the spread of the disease. The germs are spread by the mouth of the person using the glass. The germs are spread by the mouth of the person using the glass. The germs are spread by the mouth of the person using the glass.

Nearly two years ago Wolff-Wilson's recognized the menace of the public drinking glass, and at an expense of \$275,000 annually Wolff-Wilson's discarded glasses for paper cups. Glasses cost only \$25,000 annually. Paper cups now cost Wolff-Wilson's \$300,000 annually. The installation of Dixie Paper Cup Service at all Wolff-Wilson Fountains incurred an additional annual dispensing cost to Wolff-Wilson's of \$275,000 over the cost of glass service. Dr. Phillips states that operators of soda fountains have refused to use paper cups because of the added expense. Cost is always a secondary consideration at Wolff-Wilson's when the Betterment of Public Service and Health is concerned.

DEATH FOR SHERIFF'S SLAYER

Florida Man Said to Have Fired on Unarmed Officer.

BLOUNTSTOWN, Fla., May 8.—J. T. Blackwell was convicted of first degree murder last night for the fatal shooting of Sheriff C. D. Clark last month. The verdict automatically carries the death penalty.

The State charged that Blackwell fired on the Sheriff while the officer was unarmed and without provocation.

if your FEET sweat

Bathe 'em in TIZ

When your feet perspire, feel aching and sore just put them in a TIZ bath. You can feel comfort soon, and leaves your feet sweet, so clean and fresh... draws out acids and poisons, and leaves the feet so good you'll want to dance with joy. Let TIZ keep your feet comfortable and free from perspiration. Nothing better. All druggists.

COCHRAN IN RACE FOR RE-ELECTION

Congressman of 11th District Mails Declaration of Candidacy to Becker.

Special to the Post-Dispatch.

WASHINGTON, May 8.—Congressman John J. Cochran of St. Louis, who has represented the Eleventh Congressional District since the election of Harry B. Hawes to the Senate, today mailed his declaration for nomination to the Secretary of State of Missouri.

In announcing his candidacy Cochran stated that, if again elected, he would continue to devote his entire time to his duties. Cochran is one of a few members of Congress who have a perfect record for attendance since he was sworn in.

"The Eleventh Congressional District will pass out of existence after the Seventy-second Congress," said Cochran. "This results from a loss in population in the State which lowers the representation and requires the Legislature to re-district in 1931 or the delegation will be elected at large. I voted for the reapportionment bill which makes this possible because I desired to see the cities of the country accorded fair play in representation in the American Congress."

"Although our State will lose three or four representatives, St. Louis will gain at least one Congressman when the Legislature acts. At present we have half a dozen Congressional Districts in the State with 150,000 people, while in St. Louis we have one with more than 500,000. Thus one vote in the Ozarks offsets four votes in St. Louis under the present representation. This is unfair to say the least. I am asking the people of the Eleventh District to permit me to represent them during the last two years the district will be in existence and, if nominated and elected, I will serve them in the future as I have in the past. I ask for re-election on my record."

HELD AS WOMAN'S ASSAILANT

Two Men Found Wearing Blood-stained Clothing.

Two men wearing blood-stained clothing were arrested yesterday when they attempted to start a stalled automobile at Sixteenth and Locust streets, and were identified by Miss Ethel Fey, 1727 Carroll street, as the robbers who forced her into an automobile Tuesday night at Fourth street and Chouteau avenue, beat her and put her out of the machine on Telegraph road after taking her purse containing \$25.

Both men denied the charge, explaining they had cut themselves in working on the automobile. Miss Fey was treated for cuts and bruises at her home.

British Aviator Reaches Syria.

By the Associated Press. BEIRUT, Syria, May 8.—Miss Amy Johnson, British flyer on a solo flight to Australia, landed last night at Mouslimie, near here.

ATHLETICS

Manush Hits

BOXX DRIVES IN RUNS WITH 4-B SCHULTE IS BE

By a Special Correspondent of the Post-Philadelphia, May 8.—The Browns were held champion Athletics this afternoon in the series of four of which the Killefer men captured the score was 7 to 3.

About 1000 fans saw the game.

The game:

FIRST INNING — BROWNS — He walked. Hale singled to left, he going to second. Manush singled Blue, at third, Shores to Kress. Kress popped to Boley. Boley forced Manush, Boley to shop.

ATHLETICS — Melillo tossed out shop. McNeely made a three-base error when he muffed Haas' fly in center. Dykes fouled to left. Coffman threw out Shores.

SECOND — BROWNS — Melillo led to Miller. McNeely tied to Shores. Manion was called out strikes.

ATHLETICS — Fox popped to Kress. McNeely made a fine running catch of Miller's short fly. Badgro made the same kind of a catch of Schang's short fly.

THIRD — BROWNS — Coffman popped to Bishop. Blue walked. Hale forced Blue, Boley to Bishop. Manush hit a home run over the right field fence, scoring behind Hale. This was Manush's first hit in the series and he was so tickled that he ran around the bases waving his hat. Kress fouled to Fox.

FOURTH — BROWNS — Badgro fouled to Miller. Melillo hit to Dykes and went to third when he threw wild to Fox. Melillo scored on McNeely's sacrifice fly to Haas. Manion grounded to Dykes. ONE RUN.

ATHLETICS — Boley doubled to left. Shores was out. Blue singled. Boley taking third. Bishop hit a sacrifice foul to Badgro. Boley scoring. Haas popped to Blue. TWO RUNS.

FIFTH — BROWNS — Coffman popped to Bishop. Blue walked. Hale was out. Fox to Shores, who scored first. Coffman forced Manion, Dykes to Bishop. TWO RUNS.

ATHLETICS — Blue tossed to Coffman to get Bishop at first. Haas doubled to right. Haas went to third on a balk. Dykes singled to left, scoring Haas. Simmons singled through Melillo, Dykes stopping at second. Fox fanned and when Manion threw wild to third, Dykes scored and Simmons went to third. Miller grounded to Hale. TWO RUNS.

SIXTH — BROWNS — Manush popped to Boley. Kress grounded to Bishop. Badgro filed to Miller. ATHLETICS — Schang rolled to Coffman. Boley singled to left. Shores fanned. Bishop grounded to Melillo. ONE RUN.

SEVENTH — BROWNS — Melillo popped a single over Bishop's head. McNeely grounded into a double play. Dykes, Bishop to Fox. Manion walked. Coffman forced Manion, Dykes to Bishop.

ATHLETICS — Haas filed to Manush. Dykes hit a home run from the upper left field stand. Hale threw out Simmons. Fox grounded to Melillo. ONE RUN.

EIGHTH — BROWNS — Blue fouled to Schang. Hale grounded to Bishop. Manush doubled to center. Kress walked. Badgro forced Manush, Dykes unassisted. ATHLETICS — Miller rolled to Coffman. Schang lined to Badgro. Hale jumped in the air and cheered Boley's line drive.

NINTH — BROWNS — Melillo grounded to Boley. Shores tossed out McNeely. O'Rourke batted for

TWO ST. LOUIS SOCCER PLAYERS TO MAKE TRIP TO SOUTH AMERICA

FRANK VAUGHN AND TRACY TO PLAY ON U. S. ALL-STAR ELEVEN

Two St. Louis players, Frank Vaughn and Raphael Tracy of the Ben Miller team, have been selected as members of the United States soccer eleven, which will compete in the world championship tournament at Montevideo, Uruguay, July 13 to 27, inclusive. Vaughn has been named as one of the fullbacks, while Tracy will play a halfback position. The local players were named following the final tryout match played in the East, last Sunday.

Vaughn returned to St. Louis yesterday and declared that the United States would be represented by a fine eleven in the competition—one which includes in its roster seven American-born athletes. In addition to the two local players, the American-born stars are Jim Douglas, the goalie; Jim Brown, Bert Patenaude, Milton Gonsalves and Tommy Florio, forwards.

Tracy was not invited to play in the first tryout match, in which the U. S. F. A. selected eleven trounced the Hakoah All-Stars, but a scarcity of halfbacks forced the officials to call in the local athlete and he had no trouble in gaining a place on the squad, which will go to South America.

15 Players Are Selected. In all, a total of 15 athletes were selected to make the trip. The players are as follows:

Jim Douglas, New York Nationals, goal.
Frank Vaughn, Ben Millers; Alec Woods, Hollies, Detroit; and George Moorehouse, New York Nationals, fullbacks.
Raphael Tracy, Ben Millers; Phil Stone, New York Giants, and Jimmy Gallagher, New York Nationals, halfbacks.
Andrew Auld, Providence; Mike Bookie, Cleveland; Bert Patenaude, Fall River; Milt Gonsalves, Fall River; J. G. Gensie, Cleveland; Bert McGhee, New York Nationals; Tommy Florio, New Bedford, and Jim Brown, New York Giants, forwards.

This roster of the World good representation and in Vaughn and Woods, the eleven has a fine pair of defenders. Woods has been seen in action here numerous times and always has performed in great style. With only three halfbacks, it is probable that a forward will have to be sent back in case anything happens to one of the regulars. This was done in the first tryout, when Gonsalves was used at center halfback. Star forwards are plentiful.

Team Will Sail June 13. The American eleven is scheduled to sail for Uruguay, June 13, and will arrive in South America in ample time to appear in several practices.

Bob Miller, in his day a great forward and in recent years manager of the New York Giants, has been selected as coach and manager of the team, with Jock Coll of the Brooklyn Wanderers as trainer. William R. Cummings of Chicago will be the business manager.

Athletic Head Chosen.
HARTVILLE, Mo., May 8.—Theodore Nickle, star center on the Southwest Missouri State Teachers college basketball team for the past two seasons, has been elected as athletic director of the Hartville High school for the 1930-31 term. He succeeds Lonnie Mottershead, former Bear star, who will return to school.

We Have With Us—

IN St. Louis today is a unique specimen of golf bug, not at all of the garden variety, Mr. Ralph A. Kennedy of New York. He has an ambition to play over 1000 different golf courses before he is 50 years of age, and he is now 47. Already he has played 710 links, several in the St. Louis district. His goal is 90 more in 1930, and 100 each in the next two years. After that he will have reached his fiftieth year and thinks he can afford to rest on his laurels, confident his record will never be surpassed.

Mr. Kennedy, who travels for a certain, has taken the pains to have his cards attested at each course and the entire lot of them is in his safe deposit box.

He has been playing for 20 years and his business trips have taken him into 24 states in the fulfillment of his golf mission as well as of his business.

Tracy was not invited to play in the first tryout match, in which the U. S. F. A. selected eleven trounced the Hakoah All-Stars, but a scarcity of halfbacks forced the officials to call in the local athlete and he had no trouble in gaining a place on the squad, which will go to South America.

15 Players Are Selected. In all, a total of 15 athletes were selected to make the trip. The players are as follows:

Jim Douglas, New York Nationals, goal.
Frank Vaughn, Ben Millers; Alec Woods, Hollies, Detroit; and George Moorehouse, New York Nationals, fullbacks.
Raphael Tracy, Ben Millers; Phil Stone, New York Giants, and Jimmy Gallagher, New York Nationals, halfbacks.
Andrew Auld, Providence; Mike Bookie, Cleveland; Bert Patenaude, Fall River; Milt Gonsalves, Fall River; J. G. Gensie, Cleveland; Bert McGhee, New York Nationals; Tommy Florio, New Bedford, and Jim Brown, New York Giants, forwards.

This roster of the World good representation and in Vaughn and Woods, the eleven has a fine pair of defenders. Woods has been seen in action here numerous times and always has performed in great style. With only three halfbacks, it is probable that a forward will have to be sent back in case anything happens to one of the regulars. This was done in the first tryout, when Gonsalves was used at center halfback. Star forwards are plentiful.

The End in Sight.

OLD Pete Alexander returned to Sportsman's Park yesterday, but he did not "come back"—you get the idea. On the field where he gained such signal triumphs, clinched a pennant and helped us to a world series, he was sent in as a Phillie relief pitcher AGAINST the team he once played with.

Outwardly Alex looked just the same as when he tantalized opposing batters for the Cardinals. Same grin, same deliberation, same old confident delivery—but not the same Old Pete. With a man on, he pitched Hays a home run. Fisher, new to Alex, doubled. Mancuso hit hard but went out. A walk to Gelbert and a double by Lindsey the Cardinal pitcher—and it was curtains for the old master.

All watched up, all wet! Forty-two years old, very little green but plenty of tall grass ahead.

A season as an occasional relief man older as a coach, and then—well that's the reason he came to St. Louis. Still plenty of time for a stiff spine to win out, though not in the field of pitching. It will be a tough fight ahead, but Alex has got to lick it nobody but Old Pete himself!

If Alex can conquer himself, the world will be his crony, even though he has a speech, sane curves and sane control.

Batter up! Why, it is old John Barrymore advancing to the plate. What pitcher average 1.000—against some pitching—is John's record. Don't pitch to him, Alex—pass him!

Pass him clear up!

Iron Man Stewart.
ST. LOUIS fans are watching with interest the work of Southpaw Walter Stewart of the Browns. Killefer's men have played 19 games and Stewart has figured in six of them, winning five. He has shown fine control in almost every game and he has mastered most of the sluggers he has faced. When men get on base, Stewart has been at his best, but getting on base has been tough enough for the foe.

Pitching one-third of a team's games is in itself a feat, in these times, but Stewart is a pitcher, and he is a good one. It is quite possible that too much control of his arm at this period of the race may leave him weakened for the stretch run, where first division berths are tough picking and pennants will be won by constant fighting.

The Browns are not too well equipped with pitchers, as far as numbers go, but pitch the improvement in Coffman and the early ripening of Stewart have made it possible for the club to keep its head up. Until Gray and Crowder enter the picture, the winner class, the other pitchers are going to have a rough voyage.

Blackholder would be welcome, if he were ready to pitch. As it is, after his arrival, he must await reinstatement; and after that he must condition himself. If he can be used before June 1, it will be a miracle.

"KID" WILLIAMS' WIFE SUES FOR DIVORCE
By Associated Press.
BALTIMORE, May 8.—Mrs. Agnes Gutenko, whose husband, John Gutenko, won the bantamweight championship 20 years ago under the ring name of "Kid" Williams, has filed suit in Circuit Court asking an absolute divorce. She charged the former prizefighter with desertion, cruelty and misconduct and asked alimony and the custody of her two children, Katherine, 10, and Rosalie, 3. He previously had been arrested on a non-support charge by his wife.

Williams won the bantamweight title in 1910 from Johnny Costello and held it until 1914, when he was defeated by the Zulu Kid. About a year ago Williams attempted a comeback and won eight consecutive victories before he was so badly mauled in the two following fights that he was barred from the ring by the Maryland Boxing Commission.

Three weeks ago the boxing fraternity of Baltimore put on a benefit show for Williams and Bobby Garcia, the two having been practically penniless; though their ring earnings have been estimated at more than a quarter of a million dollars.

ELEVEN HORSES TO START IN \$50,000 PREAKNESS STAKES
Continued From Page One.

all the entrants, and will have the added advantage of being ridden by Sande, who will show the winner of the Wood Memorial at Jamaica in both the Preakness and Kentucky Derby. Gallant Fox holds a victory over some of the starters, gained in the Wood Memorial, yesterday in 1:56 2-5 to compare with the Preakness record over the mile and three-sixteenths course of 1:59 4-5. Sweet Sentiment did the mile and an eighth in 1:59 2-5.

Carlson Digbee III.
Carlson Digbee, former major league outfielder, had known for his career as a member of the Pittsburgh Pirates, is critically ill at his ranch near Brawley, Cal. Following an attack of pneumonia, his condition has been serious for a week or more.

"Great" Shires Tells the World

NEW YORK, May 8.—Destiny has tangled some of her skeins while cross-stitching a pattern in the lives of two men, one of them tall and stately with the bearing of a conqueror, the other squat and almost misshapen, with the bearing of a piano mover. Both of them were ball players on the same club some years ago, but now their orbits lie apart, something on the ratio of the North Star and the glow worm.

Kent Greenfield and Lewis Robert (Hack) Wilson came to the New York Giants on the same day in 1923 each with a future that was vivid with promise. Greenfield was an overnight success. He was the right hand pitcher that McGraw was to make into another Matty or a Johnson or somebody else, in truth, he looked the part. The man not only could hit when given a chance, but he covered an amazing amount of ground with those comely legs of his and so, when the Giants got careless and let their option lapse, Joe McCarthy snapped him up. Mr. McCarthy has lived to regret other decisions, but never this. Wilson promptly became the best all-around center fielder in the National League.

So Hack was up now; and was Greenfield down? He was. The early promise had faded along the way, the primrose way, and had become late for its appointment with fulfillment. After an indif-

ferent season or two at the Polo Grounds, Greenfield went to Boston and rapidly did no better. The Braves sent him down so that he could work out his problems at the expense of somebody else and then brought him back. No good. "The man, they said, ought to win. But the fact is that he didn't."

The result was the inevitable trade, this one sending him to Brooklyn late in the 1929 season. This trial was brief and uneventful. They sent Greenfield to the minors there apparently to stay, at an age when most pitchers are just coming to their best. Even Wilbert Robinson, the retentive "uncle" of the ball players, could do nothing with or for this unregenerate, although admittedly Robbie's meter is pitiful.

Greenfield was sent to Fort Worth but was unable to get started, largely due to lack of control and was returned to Brooklyn. Robinson then released the hurler unconditionally.

Perhaps Greenfield will come back to "mound his critics, but nobody is hopeful about it. He had everything; he showed nothing. That kind is hard to cure. So is the type that starts with so little and finishes with so much. And an excellent specimen of this type is Lewis Robert Wilson, with similar arms and stanchion legs, the man they call Hack.

Schmeling Acts Like Dempsey, But He Thinks Like Tunney

SPECIAL TO THE POST-DISPATCH.
NEW YORK, May 7.—If Sharkey boxes, he will lose; if Sharkey fights, Schmeling will win!

Although these impressions came at different intervals during the furore of a challenger's departure today for his training camp, their effect was the same.

To give the Herr Schmeling his due, his statement was not as brash as the writer has made it sound. Without realizing it, he simply said at one moment that Sharkey was not enough of a boxer to win by boxing, and at another moment he declared that he felt he couldn't go wrong if they punched it out as man to man. At the same time the Herr Schmeling wished it known that he preferred to talk absolutely no fight at all.

"I want to win it with my fists, not my tongue," said he, and obviously was somewhat distressed, because he faced the necessity of assuming that he is a good prize fighter. Dempsey was that way, too.

Training camp performances don't count the day after the fight," he said today. "I won't train to beat up my sparring partners, but merely work with them with the idea of preparing myself to beat up Sharkey."

"My training, in fact, is very simple. I can be physically ready for this fight in eight days. My body, you see, has never been poisoned by dissipation of any kind. After I reach physical perfection I spend the remaining few days of the fight sharpening my eyes for boxing. In this way I do not burn up my energy as the day of the fight approaches. I store it away."

Yes, the Herr Schmeling looks like, acts like and fights somewhat like Dempsey. But he thinks like Tunney. The latter used to go to sleep so that he wouldn't be bored with the matter of waiting around the day before a fight.

FOWLER, OF CARDINALS, IS PLACED ON LAND'S LIST OF INELIGIBLES
CHICAGO, May 8.—Four National League players have been declared ineligible by Commissioner Keneaw M. Landis for failure to sign new contracts.

They are Ed Roush, Giant outfielder; Johnny Cooney, Boston infielder; Chester Nichols, Philadelphia pitcher, and J. Pete Fowler, pitcher for the St. Louis Cardinals.

Should the ineligible have a change of heart and decide to sign new contracts, they must be reinstated by Commissioner Landis with customary deductions from salaries for idleness.

ILLINOIS TENNIS TEAM WINNER OVER PURDUE
URBANA, Ill., May 8.—The University of Illinois tennis team defeated Purdue, 3 to 1, yesterday for its second Big Ten victory. White of Purdue defeated Capt. Topper of Illinois for the Bolleymakers' single point.

St. Viator Winner.
KAWKAKEE, Ill., May 8.—St. Viator defeated the DeKalb Teachers' baseball team, 17 to 7, yesterday. The winners bunched 15 hits with errors and bases on balls. Macke allowed the Teachers only three hits.

Wilson and Greenfield Illustrate Vagaries of Major League Baseball

By Davis J. Walsh.
A Special Correspondent of the Post-Dispatch.
NEW YORK, May 8.—Destiny has tangled some of her skeins while cross-stitching a pattern in the lives of two men, one of them tall and stately with the bearing of a conqueror, the other squat and almost misshapen, with the bearing of a piano mover. Both of them were ball players on the same club some years ago, but now their orbits lie apart, something on the ratio of the North Star and the glow worm.

Kent Greenfield and Lewis Robert (Hack) Wilson came to the New York Giants on the same day in 1923 each with a future that was vivid with promise. Greenfield was an overnight success. ST. LOUIS STAR FINISHES TENTH IN WOMEN'S TENPIN TOURNAMENT

MRS. MARTIN SCORES 1606; CHICAGO PAIR WINS DOUBLES

By the Associated Press.

LOUISVILLE, Ky., May 8.—Champions in the minor events of the Women's International Bowling Congress were crowned here last night in the final session of the meet.

After the last ball had gone down the drives, the team of F. Trettin and M. Wambler, Chicago, still held the lead in the doubles, and A. Rump, of Fort Wayne, Ind., still topped the singles. Sally Twford of Chicago was the all-events champion.

Three changes in the "first 10" lists for the minor events were made in the final day's rolling.

Mrs. Emma Jaeger, Toledo, O., three times winner in the all-events, tied for fourth place in that class with 1656. Teamed with R. Herwat, Mrs. Jaeger rolled into fourth place in the doubles with a count of 1087. Zoe Baker, Detroit, slipped into ninth place in the singles with a 571 count.

The regular five-women team event closed Tuesday with the Phoenician ladies of Chicago in first place.

St. Louis Stars Fall.

Members of the Melrose Recreation team of St. Louis finished up their events scheduled yesterday afternoon. They failed to get a double team in the money, while in the singles Mrs. A. Trautner slipped into the prize list with a count of 517. Scores of the St. Louis women follow: Doubles—E. Fechter 123, 131, 297-E.

CARNERA MATCHED TO FIGHT KAYO CHRISTNER AND GEORGE GODFREY

TOURNEY

Sooners Retain Lead in Big Six Baseball Race

KANSAS CITY, Mo., May 8.—Other conference schools having failed to drag the Oklahoma Sooners from the Big Six Conference baseball peak, the downrodden Kansas Jayhawkers will try it this week-end in Norman.

Kansas has lost four conference games and Oklahoma has lost only one in six completed games. One game between the Sooners and the Kansas Aggies ended a tie after 11 innings. Oklahoma's only defeat was by Missouri, which won 4 to 2 on one hit and walks at opportune times.

All conference teams will battle each other Friday and Saturday. In addition to the Jayhawkers, Sooner series, Missouri will play the Kansas Aggies in Manhattan and Nebraska will meet Iowa State in Ames.

Team	Won	Lost	Pct.
Oklahoma	5	1	.833
Missouri	4	2	.667
Iowa State	3	3	.500
Kansas Aggies	1	3	.250
Nebraska	1	3	.250
Kansas	0	4	.000

The week's results: Oklahoma, 3-8; Washington, 4-5; Missouri, 4-9; Iowa State, 3-6; Nebraska, 16; Kansas, 2; Kansas Aggies, 6; Kirksville, 1.

CKY DERBY

WILLE, KY.—MAY 17TH
SPECIAL TRAINS

10th.....10:40 P. M.

UCER OF RUBBER

FIRST FIGHT AT
DETROIT, MAY 31;
REAL TEST WILL
OCCUR JUNE 23

Associated Press.
PHILADELPHIA, May 8.—George Godfrey, Negro heavyweight, will battle in the Philadelphia ball park on Monday night, June 23. Announcement of the match was made today for the Philadelphia promoters by Frank Weiser, chairman of the State Athletic Commission.

Weiser said the seconds would be to be approved by him in order to avert a repetition of the boxing incident in Oakland, recently which resulted in the suspension of the California and New York Athletic Associations as well as the National Boxing Association.

The decision of Primo Carnera's managers to pit him against Godfrey was forced on Primo's backers by the action of the Los Angeles commission, following the towel-drawing episode in the Clisty fight, which resulted in the fourth and last "knockout" of Carnera's exhibition tour.

The suspension imposed by the commission was followed up by the New York and the Wisconsin commissions and also the National Boxing Association.

With no place to fight more ex-

LAST NIGHT'S FIGHTS

NEW YORK.—Tommy Lown, New York welterweight, defeated Allen Gibs, New York (6); Eddie McKenna, New York lightweight, defeated Charlie Goodwin, Brooklyn, Goodwin retiring when he injured his left hand (1).

OAKLAND, Cal.—Max Baer, Livermore, Cal., heavyweight, knocked out Tom Toner, Ireland (5).

SAN FRANCISCO.—Jack Stewart, San Francisco heavyweight, and "Sally" Gorman, Seattle, drew (6).

FRESNO, Cal.—Ritchie King, Los Angeles lightweight, defeated Battling Bulahan, Filipino (10).

MONTREAL.—Roger Bernard, Detroit, outpointed Leonard (Young) Zaccarino, Jersey City, (10).

hibitions. Manager Leon See decided that it was time to send Carnera against the real goods, Carnera's backers in St. Louis told Post-Dispatch representatives that the exhibition tour was promoted as much to acquaint Carnera with American ring customs and fighting styles as to make money, and that it would lead up to a drive on the championship this summer. See maintains Carnera needs only a little brushing up to be ready for anybody.

Christner, his first opponent, is a fighter weighing about 195 pounds, with a dangerous right-hand punch. He is not much of a boxer, but he can hit and has fought all the good ones. He had the giant Otto von Forst whipped for five rounds, but became exhausted later and lost the fight. Godfrey, the Negro giant, weighs 240 pounds, and is a rough, experienced fighter without much of a knockout punch. Many of the big heavies have gone the limit with him and he has not shown championship ability against them.

Some critics believe he is the best heavyweight, white or black, in the game. Carnera and Godfrey both have fought the same fighter, Ace Clark, and Carnera stopped Clark one round earlier than Godfrey.

COAST OARSMEN
PREPARE FOR
POUGHKEEPSIE

Special to the Post-Dispatch.
SEATTLE, May 8.—After a long lay-off since their regatta here, the oarsmen at the Universities of Washington and California are once more pulling at their sweeps, preparing for the four-mile test at Poughkeepsie which is the big objective of nine colleges this year.

The period of relaxation after the Seattle regatta was part of the customary program followed by the coast crews. They put in four months of hard work preparing for their dual regatta, and then when that is over, they break training. To continue right through to June up to the Poughkeepsie races would be asking too much of even such huskies as the shells at California and Washington.

From now until the Coast oarsmen go East and start working on the Hudson River, the Atlantic seaboard will do a lot of conjecturing on the strength of the Far Westerners. The general opinion among rowing men is that both the Huskies and the Bears are top-flight combinations.

Washington's victorious crew in the regatta with California was with one or two exceptions the same as the crew which rowed second to Columbia in that grand Poughkeepsie battle last year and for California, despite the fact that Ky Ebright has virtually had to make the Bears' varsity all over again, so heavy were the losses through graduation, nevertheless he seems to have done an excellent job of it, measured by the performance on Lake Washington.

Only three of the Bears who pulled cars for the Californians at Poughkeepsie last June are left again in this year's varsity boat. They are Brinck, at No. 2; Bill Dally, at No. 5, and Hubert Caldwell, at No. 7.

They are all veterans of the victorious Olympic crew of 1928, and they are the nucleus around which Ebright has built his 1930 crew. Dally is probably the most versatile oarsman in the country. He rowed nearly every position on the Olympic crew. He wasn't a regular during the collegiate season, but he was one when they hit Amsterdam for the crucial test against the best in the world.

Caldwell has been pulling the No. 7 car for California for the past three years. When Pete Donlon, most famous of California strokes, was setting the pace for the Bears, Caldwell turned in a fine job in the Bears' "engine room." Against Washington last month he was the steady influence who enabled Don Greg, sophomore stroke, to make such a fine showing.

43 Wrestlers
To Compete in
City Title Meet

Nathan Schatz, chairman of the Wrestling Committee of the A. A. U., announces that 43 wrestlers have entered the Great St. Louis wrestling championship to be held at the North Side "Y" tonight, starting at 8 o'clock.

Every class has filled with entries except the lightweights. The 147-pound class has the greatest number of entries of any class. The following have been entered:

118-Pound Class—Paul Urick, Neighborhood House, and Walter Millican, Alton "Y."

126-Pound Class—Max Slumpsky, Jewish Community Center; Sam Serel, Neighborhood House; Paschal Divaro, Neighborhood House; Gordon Cortor, North Side "Y"; Paschal Semaro, Neighborhood House; E. E. Kasterday, North Side "Y"; Ed Semel, Alton "Y"; Albert Michell, Alton "Y."

135-Pound Class—Max Herman, Jewish Community Center; Al Haemer, Neighborhood House; Andrew Purton, Neighborhood House; John Anderson, North Side "Y"; Sam Serel, Neighborhood House; J. M. Brown, Alton "Y."

147-Pound Class—Herman Thaler, Jewish Community Center; A. Rogovin, Y. M. H. A.; Al Semmenschein, Y. M. H. A.; Al Franks, Neighborhood House; James Camano, Neighborhood House; John Benwell, St. Louis Rowing Club; Willis Aylsworth, Downtown "Y"; H. D. Corriton, Downtown "Y"; T. K. Stewart, Downtown "Y"; Mike Oehl, Neighborhood House; J. C. Wertz, Downtown "Y"; Joe Palmer, North Side "Y"; Emil Warner, Alton "Y."

160-Pound Class—Morris Goodman, Jewish Community Center; Barney Conner, Y. M. H. A.; Joe Aldeman, Y. M. H. A.; Christ Kaucha, St. Louis Rowing Club; Hubert Callist, Downtown "Y"; Lester Steffer, Downtown "Y"; M. A. House, Alton "Y."

175-Pound Class—David Goldstein, Jewish Community Center; Morris Gollub, Y. M. H. A.; Elmer Koenig, St. Louis Rowing Club; Joe Bunsger, Downtown "Y"; Davil Sullivan, Alton "Y."

Heavyweight Class—John Lauer, St. Louis Rowing Club; E. L. McGraw, Alton "Y"; Al Munding, North Side "Y."

MRS. JOHANNES WINS
OSAGE CLUB TOURNEY

Women golfers of the Osage Country Club held a blind bogey tournament yesterday, with 22 taking part. Mrs. G. Johannes won the 18-hole event, while Mrs. R. L. Chase and Mrs. C. S. Ernst tied in the nine-hole competition.

Jim Fogarty, club professional, held his second class lesson of the season and demonstrated for 40 women pupils, how to make shots out of bunkers with various clubs.

Wisconsin Is Winner.
CHICAGO, May 8.—Wisconsin has battered past another barrier in its rush for the Big Ten baseball championship, defeating Northwestern yesterday, 16 to 12. It was Wisconsin's fourth straight victory of the campaign and tightened its grip on first place.

21,000 Seats at
\$2 for Sharkey's
Go With Schmeling

Special to the Post-Dispatch.
NEW YORK, May 8.—The prices fans will pay to watch the Sharkey-Schmeling bout in the Yankee Stadium, June 12, according to announcement today:

Ringside, mezzanine and lower field boxes, \$26.25; all stands and mezzanine, \$13.65; upper stands, \$5.25; bleachers, \$2.75.
There will be 17,000 stand seats, 26,000 seats of the \$5.25 variety and 21,000 seats at \$2.10.

JOCKEY FIELDS WILL
RETURN TO SADDLE

By the Associated Press.
NEW YORK, May 8.—The little matter of a leg fracture is not going to keep George Fields from returning to the saddle. Fields was badly injured in a fall from his mount at Miami last winter.

"I am gradually getting back to the use of my leg and hope to be in boots and spurs again late this summer or next winter."

Fields said he plans to go to the Mayo Clinic at Rochester, Minn., for special treatment.

SCHMELING TO START
TRAINING FOR BOUT
WITH JACK SHARKEY

Special to the Post-Dispatch.
ENDICOTT, N. Y., May 8.—Max Schmeling, German heavyweight, arrived here from New York yesterday afternoon with his entourage, consisting of trainers, managers and camp followers. The German went immediately to his camp where he will train for his battle with Jack Sharkey at the Yankee stadium on June 12. For a few days Max will do nothing but a little light road and gym work sandwiched in between sessions on the golf links. On Saturday three sparring partners will arrive here from New York and Max will start right in with some ring work.

Remington Wins Match.

C. Remington (55) defeated G. H. Brown (35) 55 to 22 in the second match played in the annual Perpetual Youth billiard championship tournament at Peterson's yesterday. The winner had two high runs of seven.

MEXICO NAMES DAVIS
CUP TENNIS SQUAD

By the Associated Press.
MEXICO CITY, May 8.—The four players who will represent Mexico in the Davis Cup play were announced yesterday by the Mexican Lawn Tennis Association. Ricardo Tapia and Ignacio de la Borbolla will play in the singles while Manuel Llano and Alfonso Uda compose the doubles team. The Mexicans meet the winner of the United States-Canada match at Washington, D. C., May 22-24 in the American zone finals.

College Star Kayeod.

OKLAHOMA CITY, May 8.—Frank Crider, former University of Oklahoma football captain, making his first appearance here as a professional boxer, was knocked out in the second round of a scheduled six-round bout last night by Chief Wew Wew of Seminole.

Champion National Change Week
May 5 to 11

OUR customers throughout this section have found that every engine yields better performance when powered by Champion Spark Plugs, and that a new set every 10,000 miles maintains this maximum performance at its greatest economy.

If your spark plugs have gone 10,000 or more miles let us install a new set of Champions—the better spark plugs—now. They excel under every condition.

See what this new idea in tires
offers you—

AIR-FLIGHT riding comfort
Faster pick-up
Easier steering
Quicker brake action
Greater road mileage

E. E. Dearth makes tire history with this new-type low-pressure tire

You're way behind the times in motoring comfort unless you are riding on the sensational new Fisk AIR-FLIGHT Tires.

This marvelous new-type tire is the crowning achievement of that great master of tire design, E. E. Dearth. To perfect this amazing new AIR-FLIGHT principle, this great tire engineer has improved the best of modern tires in seven different ways. He has given the new AIR-FLIGHT Tire a larger air chamber. You actually ride on more soft, yielding air.

He has increased the flexible area of the side walls. Then, with wonderful, new all-cord construction, he has reduced the thickness of side walls, and at the same time, has increased their strength. This new feature reduces friction and gives the tire undreamed of flexibility.

Other outstanding points of AIR-FLIGHT superiority are: Multiple cable bead giving added strength at the rim and greater side-wall flexibility. Rim-width, streamline tread making steering easier. Greater road contact insuring more traction and quicker brake action. And AIR-FLIGHT balance.

With its many other advantages, the new Fisk AIR-FLIGHT gives super-mileage—a big margin beyond what the average owner has ever expected. Your assurance of this is the Fisk Unlimited Guarantee of satisfaction to you.

Fisk dealers offer you this latest idea in low-pressure tires. Step into the nearest store and see this new-type tire. Its cost will be no more than any other leading tire. The new Fisk AIR-FLIGHTS are sold by responsible, independent dealers.

HEARING ON ROUTING NATURAL BRIDGE LINE

Objection to Change Based on
Distance of Tracks From
Homes.

Commissioner Ing of the State Public Service Commission took under advisement, after a hearing at City Hall yesterday, the protest of the North Grand Boulevard Improvement Association against the rerouting of the Natural Bridge car line on March 18.

The association objected to the removal of this line from Spring Market street between Spring and North Market streets, and from North Market street between Spring and Garrison avenues. The line was changed to follow Hebert, Jefferson and St. Louis avenues in that neighborhood, the rerouting being necessitated by the work on the new terminal of the Illinois Terminal System in the vicinity of Lucas avenue and High street.

Michael J. Cullinane, president of the association; B. C. Muger, a druggist at Grand boulevard and North Market street; Miss Elsie Andreas of 3911 North Market street; Dr. James E. White and others told the commissioner the change in route inconvenienced many car riders, affected neighborhood business adversely, made it unpleasant and unsafe for women to walk to trolleys at night and was a general detriment to the region.

Cullinane filed a petition of protest against the rerouting which appeared to have several thousand signatures. He said it was now necessary to go more than a quarter of a mile from the North Market street district to the Cass or Wellston lines and that few residents of the neighborhood had automobiles. Miss Andreas said the change made it inconvenient for visitors to go to her home.

Dr. White said Negro children living near Garrison avenue and North Market street find it more difficult to reach Sumner High School now, especially in bad weather.

William Sessinghaus, representing the North Fourteenth Street Improvement Association, appeared in favor of the rerouting because, in another section of the city, the Natural Bridge line now uses Fourteenth street.

Chief Engineer Data of the Public Service Co. testified the line had to be rerouted because the Illinois Terminal System was to

make a cut 100 feet wide and 12 feet deep in High street, which would prevent trolleys from crossing for some time. He pointed out that the change, which eliminates four curves and which he regards as an improvement, followed the suggestions of the engineer of the Transportation Survey Commission, the City Plan Commission and the old Kinney-Smith transit report. He declared the maximum walk from the old Natural Bridge route to adjacent lines on the north and south is 1100 feet.

Life in General—How
nders Managed to Get
asure Through.

HIS is the first of a series
of articles analyzing the
rates of the Hawley-Smoot
bill submitted to the Senate
week in its final form. Fur-
ther articles will discuss the effect
pending tariff bill on food
clothing, and the increase of
it affecting wage-earners in
ry.

Special Correspondent of the
Post-Dispatch.
ASHINGTON, May 8.—After
message by the House, the Sen-
today moving swiftly toward
Bill, erecting the highest
wall in 141 years of Ameri-
c tariff history.

bin the next week the Sen-
will take separate votes on the
provision and the debent-
amendment. In other respects
Hawley-Smoot bill has already
placed in the final form in
Congress will be asked to
to President Hoover for his
ture.

already agreed to by the
the Hawley-Smoot bill
four major items—
a wool, beef and sugar—which
cost the consumer more than
\$6,000,000 a year. There are
than 800 other rate increases
the bill as agreed upon in con-
ference. The great majority of
it will affect food, clothing
necessaries of life in common
in every American household.

ere the increases are largest.
ing in the Senate, the bill as
hole may be summarized as fol-
low:

1. The bill taxes more articles,
higher rates of duty, than have
before been covered by a tar-
provision. The conference report
sets the general level of rates to
at 41 per cent of the value of all
able imports. This is an in-
crease of 20 per cent above the
Hawley-Smoot Act of 1913
which is now in force and nearly
per cent above the general level
the rate in the Underwood Act
1913. The Hawley-Smoot bill in-
creases the rates of existing law in
of the 15 schedules and the sole
ception, the wool schedule, will
increase if the Senate accepts
House amendments on lumber.

2. The pending bill reduces the
list, transferring to the duty
list hundreds of raw materials
which have heretofore been admit-
ted duty free. Analysis of the bill
shows more than 750 increases in
materials used in the manufacture
automobiles and 150 increases
materials used in the cotton and
woolen textile industries.

3. In general, the bill bears
heavily on food, clothing and
necessaries of most gen-
eral use. It singles out cheap clothing,
furniture and household goods for
some of the heaviest increases in
duty.

4. The methods by which the bill
is passed through both branches
of Congress are written plainly on
the face of the final text of the
bill.

Senator Grundy of Pennsylvania,
who headed the lobby at Wash-
ington on behalf of the bill before his
appointment to the Senate, and
Senator Smoot of Utah, chairman
of the Finance Committee, have
led the schedules, in which they
are particularly interested approved
by the Conference Committee and
the lower House.

While Senator Grundy was active
in obtaining increases all along the
line in the Senate bill, the wool
schedule has been his hobby for
many years. As it passed the Senate
this schedule increased the duties
on wool and its manufactures to a
general level of 57.5 per cent of
the value of all imports. An amend-
ment in conference, this rate is in-
creased to 59.49 per cent. This is
an increase over the existing wool
schedule of more than 20 per cent.
It is more than three times the
general level of the wool schedule
in the Underwood Act of 1913 and

levies higher duty
every item than the
Payne-Aldrich
which the late Pres-
cribed as "indefinite."

of These Affect Food,
Clothing and Necessaries
Life in General—How
Leaders Managed to Get
Measure Through.

This is the first of a series
of articles analyzing the
rates of the Hawley-Smoot
bill submitted to the Senate
week in its final form. Par-
ticulars will discuss the effect
of the pending tariff bill on food
clothing, and the increase of
bill affecting wage-earners in
industry.

A Special Correspondent of the
Post-Dispatch.

WASHINGTON, May 8.—After
passage by the House, the Sen-
ate today moving swiftly toward
final vote on the Hawley-Smoot
tariff bill, erecting the highest
tariff wall in 141 years of Ameri-
can history.

Within the next week the Sen-
ate will take separate votes on the
tariff provision and the debenture
amendment. In other respects
the Hawley-Smoot bill has already
been passed in the final form in
the House. It is expected that it
will be passed by the Senate in
the next few days.

The bill already agreed to by the
House, the Hawley-Smoot bill
imposes duties on 40 major items—
wool, beef and sugar—which
will cost the consumer more than
\$8,000,000 a year. There are
also 800 other major items in con-
sideration. The great majority of
these will affect food, clothing and
the necessities of life in common
to every American household.

The bill taxes more articles,
higher rates of duty, than have
ever before been covered by a tar-
iff revision. The conference report
shows the general level of rates to
be 40 per cent of the value of all
imports. This is an in-
crease of 20 per cent above the
Fordney-McCumber Act of 1922
which is now in force and nearly
50 per cent above the general level
of the Underwood Act of 1913.

The Hawley-Smoot bill in-
creases the rates of existing law in
15 of the 15 schedules and the sole
exception, the wool schedule, will
be decreased if the Senate accepts
House amendments on lumber.
(1) The pending bill raises the rate
on raw cotton, transferring to the duty
last hundreds of raw materials
which have heretofore been admitted
duty free. Analysis of the bill
shows more than 750 increases in
materials used in the manufacture
of automobiles and 150 increases
in materials used in the cotton and
textile industries.

(2) In general, the bill bears
heavily on food, clothing and
the necessities of most general
use. It singles out cheap clothing,
furniture and household goods for
some of the heaviest increases in
duties.

Grundy's Wool Schedule.
The methods by which the bill
is passed through both branches
Congress are written plainly on
the face of the final text of the
bill.

Senator Grundy of Pennsylvania,
who headed the lobby in Wash-
ington on behalf of the bill before his
appointment to the Senate, and
Senator Smoot of Utah, chairman
of the Finance Committee, have
been particularly interested in the
Conference Committee and the
House.

While Senator Grundy was active
in the Senate bill the wool
schedule has been his hobby for
many years. As he passed the Senate
the wool schedule increased the duties
on wool and its manufactures to a
general level of 57.33 per cent of
the value of all imports. As amend-
ment in conference, this rate is in-
creased to 59.65 per cent. This is
an increase over the existing wool
schedule of more than 20 per cent.
It is more than three times the
general level of the wool schedule
in the Underwood Act of 1913 and

Billion a Year Rise in Cost Of Living on Four Items Alone

WASHINGTON, May 8.—The
increased duties on Shoes, Wool, Beef and Sugar. The figures
given below are the most conservative estimates that can be
obtained from studies of the bill by independent economists and
experts. These authorities agree that, whatever the effect of 800
other increases, the duties on Shoes, Wool, Beef and Sugar are
highly effective in excluding imports and boosting prices to the
consumer.

The following table shows the effect of the "Big Four" tariff
duties:

	Duty fixed in Hawley-Smoot Bill, pending	Duty in present Fordney- McCumber Act of 1922	Estimated cost per year to United States consumers	Cost per family	Cost for consumers of St. Louis
SHOES	20 pct.	On free list	\$188,000,000	\$ 7.50	\$1,272,000
WOOL	34c lb.	31c lb.	175,000,000	7.00	1,187,000
(plus duties on manufactures)					
BEEF	6c lb.	3c lb.	360,000,000	14.40	2,442,240
(plus duty on live cattle)					
SUGAR	2c lb.	1.75c lb.	291,000,000	11.60	1,967,000

The foregoing estimate that four items alone will cost the Ameri-
can consumer more than \$1,000,000,000 a year is based on calcula-
tions made by leading authorities on the tariff.

The Brookings Institute of Economics, in a study prepared by
its staff under the direction of Mark A. Smith, now an expert for
the United States Tariff Commission, fixed the cost of the wool
duties at \$175,000,000 without considering the effectiveness of some
of the increases in the pending bill. Several authorities place the
cost of the wool duties as high as \$225,000,000.

P. C. Rand, president of the International Shoe Co., and J. S.
Bush, president of the Brown Shoe Co., testified the duties on
hides, leather and shoes would cost the consumer not less than
\$150,000,000, without allowing for other increased duties entering
into the manufacture of shoes which have since been voted into
the bill.

An independent study for the Rawleigh Tariff Bureau by econ-
omists of the University of Wisconsin, headed by Prof. John R.
Commons in association with Prof. Benjamin H. Hibbard and Dr.
Selig Perlman, fixes the cost of the beef duty under the 1922 act
at \$270,000,000 and estimates that the increase in the pending bill
will be effective to the extent of an additional cent a pound. This
brings the total cost to the consumer to \$360,000,000. The same
authority estimates a 2-cent duty on sugar will cost consumers
\$291,000,000 a year. This estimate is confirmed in the study con-
ducted by David J. Lewis, member of the United States Tariff Com-
mission from 1916 to 1924. United States census figures are used
throughout in computing the number of families.

levies higher duties on, almost
every item than Schedule "K" of
the Payne-Aldrich Act of 1909,
which the late President Taft de-
scribed as "indefensible."

What It Means to St. Louis.
An analysis of the bill as re-
drafted by the conferees shows that
only three changes were made in
conference from the text of Sen-
ator Grundy's wool schedule as it
passed the Senate. Each of these
changes is a substantial increase.
Former United States Tariff Com-
missioner David J. Lewis, the
Brookings Institute of Economics
and other leading authorities are
agreed that the Grundy wool
schedule will cost consumers of
the country not less than \$175,000-
000 a year, at the rate of \$7 a
family, or \$1,187,000 for consum-
ers of St. Louis alone, in prices
for clothing and other wool prod-
ucts.

The independent study con-
ducted by Lewis shows that there
are only 430,000 farmers in the
country raising sheep who stand
to benefit from the increase on
raw wool.

Senator Smoot is assured by the
action taken in conference and in
the House of obtaining the in-
creased rate on sugar which was
substantially resisted in the floor
of the Senate. The Senate decided
by a large majority against any in-
crease. It voted to retain the duty
now in effect under the 1922 act
of 17.6 cents a pound. By a com-
bination with Senators favoring in-
creased duties on lumber, shingles,
cement and oil, Senator Smoot suc-
ceeded in reversing this vote and
forcing through an amendment in-
creasing the sugar duty to 2 cents
a pound. This is the rate carried
in the final text of the bill as
passed by the House. According to
the studies conducted under Prof.
John R. Commons of the University
of Wisconsin and former Com-
missioner Lewis, the Smoot sugar
schedule in the pending bill will
cost American consumers \$291-
000,000, or \$11.60 for each family,
and \$1,967,000 for consumers of
St. Louis.

Price of Shoes Boosted.
The adoption of the 20 per cent
duty on shoes is typical of the ac-
tion of the House and Senate con-
ferences in engrafting on the final
text of the bill high rates previ-
ously adopted by one branch of
Congress, but decisively rejected by
the other.

The Senate voted against the
proposed duties on hides, leather
and shoes before the bill went to
conference. Even the Payne-Al-
drich act of 1909 placed these arti-
cles on the free list, where they
have remained for more than 20
years. As passed by the House, the
bill carries duties of 10 per cent
on hides, 15 per cent on leather
and 20 per cent on shoes. This ac-
tion was taken over the protest of
P. C. Rand, president of the Inter-
national Shoe Co., J. A. Bush,
president of the Brown Shoe Co.,
and other leading shoe manufac-
turers who testified before the
House Ways and Means Committee
that the hide and leather duties,
with a compensatory duty on
shoes, would increase the shoe bill
of the nation more than \$150,000-
000 a year. More than 100,000
have since been placed in the final
text of the bill on materials used
in the making of shoes, bringing
the annual cost to the consumer
up to \$188,000,000. This is a cost
of \$7.50 a family or \$1,272,000 for
the consumers of St. Louis alone.

Increasing the Meat Bill.
The rate of three cents a pound
on beef now in effect has been in-
creased by 100 per cent to six cents
a pound, plus increased duties on
live cattle, in the final text of the

bill as passed by the House. The
University of Wisconsin economists,
who studied this feature of the bill,
found that the increased duty un-
der the pending bill should be ef-
fective to the extent of an addi-
tional cent a pound. This means a
total cost to consumers of the
country of \$360,000,000 a year, or
\$14.40 per family, amounting to
\$2,442,240 for the consumers of St.
Louis alone.

The increased duties on shoes, wool,
beef and sugar—represent only a frac-
tion of the additional taxes levied un-
der the Hawley-Smoot bill. They ac-
count, however, for more than
\$1,000,000,000 a year in cost to the
consumer for the most common arti-
cles of food and clothing. Never
before have all these items been
grouped together under such
heavy duties as they receive in
the final text of the Hawley-Smoot
bill.

NORTHERN CHINESE AND NATIONALISTS FIGHTING IN HONAN

Nanking Forces in Heavy
Engagement With Troops
of Feng Yu-hsiang and
Yen Hsi-shan.

ALSO IN CLASH SOUTH OF SUCHOW

Southerners Suffer Sharp
Losses; 7000 Reported
Wounded—Rebel Cas-
ualties Not Known.

By the Associated Press.
NANKING, May 8.—The long
pending fight between the North-
ern Military Alliance and the Na-
tionalist Government began today,
according to dispatches received
here. The fighting was severe.

Troops directed by Gen. Feng
Yu-hsiang and Gen. Yen Hsi-shan
of the Northern Alliance clashed
with Government forces along the
railway from Kweitch, Honan, to
Suchow, Kiangsu. There was fighting
also 50 miles south of Suchow
along the Tientsin-Pukow railway.
The Nationalists suffered sharp
losses and the rebels unknown cas-
ualties in a heavy engagement
along the railroad between Kweitch
and Suchow. Five thousand
wounded Nationalists, dispatches
say, arrived at Suchow last night
from the front lines, while 2000
additional wounded were reported
en route to Nanking.

Details were suppressed by cen-
sors, but hospital facilities at Su-
chow were said to be utterly in-
adequate.

Chiang Kai-shek, President of the
Nationalist Government, who de-
parted for the North late today to
take command of Nationalist
troops, is reported to have arrived
at Fengku, unable to proceed fur-
ther as a result of the fighting of
the railway 50 miles south of Su-
chow by the rebels.

The rebels along the railway be-
tween Kweitch and Suchow are re-
ported to consist of Feng Yu-
hsiang's Kuomintang (People's Ar-
my) troops, who in November and
December rebelled against the Gov-
ernment in Honan Province, and
considerable numbers of Yen Hsi-
shang's Shantung forces, who in-
vaded Northeast Honan from
Southern Chihli Province.

Further dispatches stated that
Shantung troops also entered Western
Shantung Province from Chihli,
where they engaged the National-
ists on a major scale.

Although the Nationalists were
reported in control of the railway
for 50 miles west of Suchow, the
Kiangsu military headquarters of
the Nationalist Government in-
dicated that it considered the Govern-
ment was facing a serious situation.

BURMA EARTHQUAKE DEATHS PUT AT 1000; 300 MISSING

Additional Bodies Found in Huge
Fissures Which Opened After
By the Associated Press.
RANGOON, Burma, May 8.—The
Exchange Telegraph reports the
discovery of additional bodies which
bring the death list in the earth-
quake at Pegu early this week up
to fully 1000.

More than 300 persons are still
unaccounted for and bodies are be-
ing found in huge fissures which
opened after the quake.

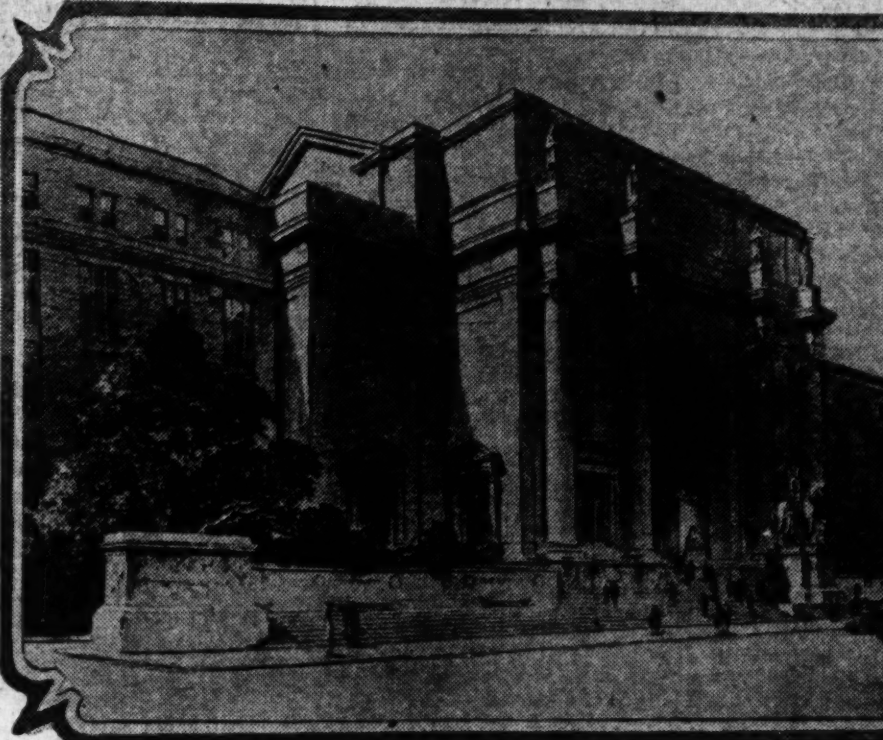

For Inquiry Into Communism.
WASHINGTON, May 8.—The
House Rules Committee decided
today to draft a resolution for an
investigation of communistic ac-
tivities in this country. The com-
mittee acted at an executive session
during which the Fish and Under-
hill resolutions for investigation by
a special House committee were
considered.

Italy Won't Molest U. S. Italians.
ROME, May 8.—Foreign Min-
ister Grandi tomorrow will issue an
official communique to the effect
that Italians who have become
American citizens will not be mole-
sted with regard to military ser-
vice when they return to Italy.

Prize-Winning Design for Roosevelt Memorial

ARCHITECT'S drawing of the \$3,500,000 Roosevelt Memorial Building and Arch, which the State of New York is now erecting at Central Park West, adjoining the American Museum of Natural History in New York. The building, which will be five stories in height, has been designed by John Russell Pope.

MOROS KILL 4, WOUND 18 OF CONSTABULARY IN FIGHT

Most Severe Clash in Philippines in Months
Reported in Attempt to Capture Tribes-
men's Fort in Mindanao.

By the Associated Press.
MANILA, May 8.—The Philip-
pine Constabulary clashed tonight
with Moros on the island of Min-
danao in the most severe fighting
in many months. One Constabulary
officer and three privates were
killed and three officers and 15
privates were wounded.

The fighting continued in the
mountainous Kawayan district.
The injured included an Ameri-
can, Capt. J. R. Grinstead, com-
mander of Lanao province. Al-
though his wound was in the leg, it
was considered very grave. The
officer killed was Lieut. A. C.
Maynes, a Filipino.

The fighting, which started last
night, was still in progress today.
The Moros were entrenched in a
fort and fully provided with fire-
arms.

All Constabulary companies in
the Kawayan district were called to
the fight.

The Moro casualties and the size
of their force were not known.

The Moros included men wanted
for various crimes, including mur-
der, cattle stealing, robbery and
resistance to payment of taxes.
They have given the authorities
trouble constantly.

Lieut. Maynes was killed when
the Constabulary rushed the fort.
Another Filipino officer, Lieut.
Garcia, was wounded in the head.

BELLS OF TUNIS SUMMON PILGRIMS TO MASSES

Americans at Eucharistic Congress
Arise Early on Lines to Attend
By the Associated Press.
TUNIS, Tunisia, May 8.—The
bells of Tunis today rang out their
call to communion masses for the
thousands of pilgrims attending
the thirteenth Roman Catholic
Eucharistic Congress.

Hundreds of Americans arrived
early on the steamships Rocham-
beau and Araguaya to attend mass
in the Church of St. Jeanne d'Arc,
which had been especially assigned
to that group of new world wor-
shippers. Four thousand children,
dressed in the all-white vestments,
gathered in the Belvedere Stadi-
um for their first communion mass,
from which adults were excluded.

The African sun was hidden
behind cloud banks. Fears of a
hot, dusty Siroc, common at this
season, failed to materialize. The
breeze from the desert bore with
it no storm indication. It was so
cool that many of the visitors wore
topcoats.

At all churches within the Car-
thage radius masses were said this
forenoon. The Carthage Cathedral,
however, was, this afternoon, the
mecca of the entire concourse.

The first general assembly out-
side the Carthage Cathedral was
set for 5 p. m. with the "children
of the Eucharistic Crusade" offer-
ing a psalm at the ancient amphi-
theater.

Two Mexican Kidnappers Killed.
MEXICO CITY, May 8.—Special
dispatches from Guadalajara say
two members of the Mexican gang
that kidnaped Dr. G. E. Funnell,
American resident there, were
killed by troops and their bodies
hanged from trees as a warning.

Dr. Funnell, who lived for 25
years in Mexico, was released on
a payment of a ransom.

TARIFF PROTEST, IDEA OF YOUNG PROFESSOR, MADE AT COST OF \$140

Dr. Clair Wilcox of Swarth-
more, 32, Tells How
1000 Economists Co-Op-
erated in Statement to
President and Congress.

USED AN OLD MAILING LIST OF ASSOCIATION

First Draft, Prepared by U.
of Chicago Man, Was
Revised and Later Sub-
mitted Through the Mails
for Signatures.

By CHARLES G. ROSS,
Chief Washington Correspondent
of the Post-Dispatch.
SWARTHMORE, Pa., May 8.—
A 32-year-old college professor,
Dr. Clair Wilcox of Swarthmore,
conceived and to a large extent
executed that remarkable protest
in which more than 1000 econo-
mists this week made known to the
President and Congress their op-
position to the Hawley-Smoot high
tariff bill.

In view of the criticism by some
high tariff advocates that the
statement was the work of "A lot
of impractical theorists," it is dou-
bly interesting to note that the ac-
tual work of getting signatures
from all over the United States
took only about two days and the
total cost of the enterprise was
\$140. It is doubtful whether any
high-powered publicity agency ever
equaled the efficiency represented
by those figures.

Dr. Wilcox today told the Post-
Dispatch correspondent how the
work was done. About the end of
March, he got the idea that it
would be a good thing to let the
President and Congress and all the
people know what the economists
of the country thought about the
pending tariff measure. He took
his idea to Dr. Ernest M. Patterson,
professor of economics at the
University of Pennsylvania, and the
head of the American Academy of
Political and Social Science. En-
couraged by his support, he then
went to Princeton and interviewed
Dr. Frank W. Fetter and others of
the economics department of that
university. All promised their co-
operation.

First Draft by Chicagoan.
The young professor then enlist-
ed the aid of Prof. Paul H. Douglas
of the University of Chicago, who
is now at Swarthmore directing a
study of the unemployment prob-
lem. Douglas drew the first draft
of the protest. Wilcox submitted
the statement to his friends at
Princeton and Pennsylvania, and
on the basis of their suggestions
worked it over. The revised draft

a letter to the wife
of a bank official

J. Shank

1018 LOCUST ST.

Dear Madam:

Are you satisfied that your husband
dresses as he should be for the po-
sition he holds?

The banker, particularly, must be ex-
tremely careful in the selection of
his clothes. Carelessness or flashi-
ness in his dress is likely to cause
customers to lack confidence in the
bank. And what, in banking, is
more important than confidence?

For 30 years we have been serving many
prominent bankers. Our experi-
ence enables us to select a color,
cut and material that will suit the
man, his body and his position.

Your husband should avail himself of
this individual service. Why don't
you suggest it to him?

NO NEED FOR TASTELESS VEGETABLES

Their Flavor Can Be Improved While Cooking or Before Serving Them

Cooks who are successful in the art of making vegetables appetizing, depend upon two rules. First, cook raw vegetables in as little water as possible. Canned vegetables should not be re-cooked—merely heat them thoroughly. Second, use a mixture of sugar and salt in seasoning them.

Salt, by itself, merely overcomes flatness. Sugar, however, "brings out" the flavor of the vegetable. And when the two are combined, an unusual appetizing goodness is developed. A dash of sugar to a pinch of salt is a good rule to follow.

In the case of extra-mild flavored vegetables, sugar, salt, mustard, oil and vinegar can be combined and used as a flavor just before serving. For example, after spinach—canned or fresh—is taken from the fire, drain it and then heat for a minute in this mixture: 1 teaspoon sugar, 1/4 teaspoon mustard, 1/4 teaspoon salt, 1 tablespoon vinegar and 2 tablespoons salad oil.

The more one experiments with sugar and salt in seasoning vegetables, the more apparent is the flavor value of this combination. Doctors and dietitians approve this use of sugar as a flavor. Most foods are more delicious with sugar. The Sugar Institute.

TARIFF PROTEST, IDEA OF COLLEGE PROFESSOR, 32, COST ONLY \$140

Continued From Page One.

then went back to Douglas, who put it into its final form.

"The statement," said Dr. Wilcox, "was Douglas's, plus the criticism of the others. As finally revised, it was satisfactory to all. The original plan was to send a copy to some member of the economics department of each of the large colleges and universities and ask him to procure signatures. I took the matter up with Prof. Irving Fisher of Yale, and he suggested that it would be better to use the mailing list of the American Economic Association. He said that he himself would pay the cost of mailing the statement to each member for his signature. This was the plan adopted.

"Before sending out the statement, we prepared an explanatory letter to go with it. This was signed by those of us who had taken the work in hand from the beginning, and also by Prof. Fisher, Prof. Henry R. Sanger of Columbia University, New York, and Prof. Frank W. Taussig of Harvard.

Students' Services Gratia. "Then came the job of mimeographing, folding and mailing, and all this was done by about 50 students of my classes. They did the work for nothing, for the pleasure they got out of it.

"The total cost of the protest from first to last was about \$140, of which \$100 was paid personally by Prof. Irving Fisher. The balance was split among the group who had worked up the protest, so that it cost us about \$5 each.

"The statement went out for signatures in April, about 10 days before the date of publication. We used an old mailing list of the Economic Association, which contained about 2800 names. Probably 500 of these were 'dead' names.

"I had thought that we would do well if we got about 500 signatures. Instead, we had received 1028 by the time the protest was given to the President and since then the total has been brought up to 1122. Favorable replies are still drifting in. There was not a single refusal on the ground of disagreement with the protest. One man wrote that he didn't think the protest would do any good, and a few others had various reasons for keeping out.

"Last Friday I took the protest down to Washington and handed it to Lawrence Richey, one of the President's secretaries. Newspaper men had told us that Monday was the best day for a general 'release' to the press. We followed their advice and gave it out for publication last Monday.

Opposition to High Duties.

"Of course, we never thought for a minute that the protest would necessarily stop the enactment of the tariff bill. But we did think that it would be worth while if only it got our point of view before the public. Ever since the Democratic party seemed to drop the tariff as an issue in the last campaign, people had been saying that all opposition to high restrictive duties had vanished. I wanted to refute that idea.

"Since the statement was printed I have been interested in watching the reaction in the high tariff press. Two arguments predominated. One is that the signers are merely a bunch of impractical theorists. That is the old fallacy of the argument ad hominem—of deciding your opponent when you can't answer his arguments.

"The other favorite contention is that the country is prosperous

because of the protective tariff. That is the fallacy of post hoc ergo propter hoc (after this, therefore because of it). As a matter of fact, one of the main reasons for our prosperity is the fact that we have the biggest free trade area in the world—over 2,000,000 square miles—within our own boundaries.

Dr. Wilcox was born in New York state, but has lived most of his life in Pennsylvania. He did his undergraduate work at the University of Pennsylvania, and took his M. A. degree at Ohio State and his Ph. D. at the University of Pennsylvania. Before joining the faculty at Swarthmore, he taught successively at Lafayette College, Pennsylvania, the Wharton School

of the University of Pennsylvania and Ohio Wesleyan. For a year he was secretary of the State Parole Commission of New York. He is the author of a book on parole systems in the United States and of numerous articles on economic subjects.

House Again Refuses to Accept Senate Amendment on Cement. By the Associated Press. WASHINGTON, May 8.—After agreeing to another conference with the Senate on the tariff bill, the House today refused to instruct its conferees to accept the Senate amendment exempting from duty cement imported for state public works. The vote was 155 to 138. Last week a similar motion was defeated, 222 to 167.

this is **ONE** reason why

3 times

as many Frigidaires are now in use as any other make of electric refrigerator

Other reasons why 3 times as many Frigidaires are now in use as any other make of electric refrigerator:

- Porcelain-on-steel inside and outside of every household cabinet.
- Surplus power to keep food safely cold even on the hottest days.
- The famous "Cold Control" which makes possible extra fast freezing of ice and desserts.
- Unit at the bottom out of the way, leaving the top flat and usable.
- The new Hydrator which keeps vegetables fresh and even revives wilted vegetables.
- Elevated food shelves that eliminate stooping.
- Permanently quiet operation—the result of recent and outstanding improvements and refinements.
- Low cost. Frigidaire prices are low and the operating cost is but a few cents a day.

We have just opened a beautiful new showroom. You are cordially invited to attend our opening program. Open 9 A. M. to 10 P. M. every day. Desserts served to every visitor.

600-602 South Seventh St. C. J. Phillips, Authorized Agent.

Do you know moths won't eat your clothes - if you treat the wool itself

Yes, treat the cloth itself. That's the only sure way to be safe from moth damage. **Mothproof** the wool so that the mothworms can't eat it.

No use trying to find every hungry little mothworm. Insecticides don't reach them. They are buried away in the wool. And the smell of mothballs, tar-bags, and the like doesn't keep them from eating, as you have probably learned from your own experience.

Larvex keeps them from eating. It **mothproofs**. Mothworms will starve to death on cloth treated with Larvex. This remarkable mothproofing agent is odorless, non-inflammable and guaranteed as advertised in Good Housekeeping Magazine.

SPRAYING LARVEX, for upholstered furniture, coats, suits, etc. One spraying lasts a whole year. \$1 for a pint, or with atomizer which lasts for years, \$1.50.

RINSING LARVEX, for such washable woollens as blankets, sweaters, etc. This is in powder form (50c a package) and you just dissolve it in water, soak and dry—that's all!

107,293 IN TOWNS OF MADISON COUNTY

Returns, Nearly Complete, Show Increase of 37 Per Cent in 10 Years.

Madison County, Illinois, has shown in the current census a large gain in population since 1920, which amounts to about 37 per cent in the incorporated cities and villages.

Nearly complete reports from the 26 incorporated places give them 107,293 population, while the 24 incorporated communities in 1924 had 82,348. The missing districts now are one small section of Granite City; two wards of Collinsville and the village of Glen Carbon. Figures from these may bring the total to about 113,000.

Collinsville is the only one of the larger places in the industrial section of the county which has not shown a decided increase in the decade. Three of its wards, it was announced today, have a population of 5339, a loss of 62 in the last 10 years. Reports have not been completed for the Fourth and Fifth wards, which together had 4352 in 1920, but their size is not thought to have changed much. Depression in the coal mining industry has affected Collinsville's growth, in the opinion of Madison County observers.

17 Townships Enumerated. Seventeen of the 23 townships have been enumerated, including Alton and Wood River Townships, two of the districts which had big urban gains, and 15 townships largely rural in nature. These 17 have 81,412 population, compared with 58,763 in 1920, a gain of 24,649, or about 42 per cent. The indications are they may show a net gain of 15,000.

Thus it appears that the final figure for the whole county, which had 106,529 a decade ago, may reach about 145,000 now. It had seemed that the 1930 total might not exceed 130,000 until the population of Wood River Township was made known this afternoon, as an unexpectedly large gain was made there. It has 22,558, compared with 8793 in 1920, a gain of 13,765, or 156.5 per cent. The township includes the city of Wood River and East Alton, Roxana, most of Hartford and a large unincorporated suburban section of Alton. All these communities have been growing.

Godfrey Township, north of Alton, it was announced, has 3023 population, compared with 2340 in 1920, a gain of 683. There has been a noticeable shrinkage of population in the rural sections of Madison County.

Caseyville Township Gain. Caseyville Township, St. Clair County, has 2932, compared with 2678, a gain of 254 in the decade. Ladue, a residential village of St. Louis County, established in the vicinity of the St. Louis Country Club about two years ago, has 780 population.

Population of 28 small towns in Missouri counties north and west of St. Louis has been compiled by the Associated Press as follows: St. Charles County—St. Peter's, 232, loss 29; Augusta, 232, loss 96; Portage des Sioux, 248, loss 24. Franklin County—Gerald, 248, gain 2; Moselle, 175, gain 15. Pike County—Louisiana, 3567, loss 421; Bowling Green, 1853, loss 112; Clarksville, 738, gain 9; Curryville, 240, loss 45; Ashburn, 281, gain 100. Lincoln County—Elisberry, 1201, loss 54; Hawk Point, 21, gain 15; Silex, 251, loss 16; Whiteside, 115, loss 51; Foley, 200, loss 37; Olney, 74, not incorporated in 1920.

Ralls County—New London, 899, loss 12; Perry, 876, gain 128. Gasconade County—Hermann, 2046, gain 329; Owensville, 1392, gain 615; Bland, 577, gain 177; Morrison, 359, gain 23; Gasconade, 275, not incorporated in 1920; Rosebud, 162. Montgomery County—Montgomery City, 1510, loss 178; Middletown, 235, loss 44; Bellflower, 246, loss 51; High Hill, 444, loss 9; Jonesburg, 422, loss 41; Liege, 84, loss 22; Danville, 77, gain 1; New Florence, 571, loss 29; McKittrick, 161, gain 40; Rhineland, 194, gain 22. Callaway County—Auxvasse, 428, loss 50. Audrain County—Vandalia, 2450, gain 292; Martinsburg, 530, gain 20; Benton City, 120, loss 10.

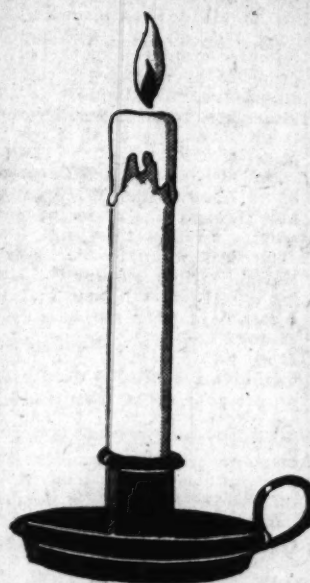

WOMAN POET WINS SEPARATION Mrs. Hannah Cushman Howes Gets Decree Against Architect. By the Associated Press. NEW YORK, May 8.—Mrs. Hannah Cushman Howes, poet and president of the American Poetry Circle, obtained separation today from Ralph H. Howes, architect and president of the Technology Club.

Howes obtained a Yucatan divorce in 1925, which is recognized here, and immediately married Grace Sartwell Mason, novelist in Toronto. Mrs. Howes has sued the architect's present wife for \$100,000. She alleged that she had been seduced by him in 1925, and that he had seduced her by dedicating to him her novel, "The House That Saved Manchester."

20 Hurt In Haitian Clash. By the Associated Press. PORT-AU-PRINCE, Haiti, May 8.—Charges of incendiarism passed between two groups of politicians at Jacmel Monday night resulted in a disturbance that caused minor injuries to 20 persons. The charges followed upon the outbreak of several fires in Port-au-Prince last month. The home of Col. Richard Cutie, United States Marine brigade commander, was destroyed the night of April 25, while a motion picture theater and two adjoining houses burned April 30.

RAIN LIST LOWER N

ON LOCAL MARKET

ST. LOUIS MERCHANTS' EXCHANGE.

Wheat futures closed 1/2c lower
July corn closed 1/2c lower

[illegible]

to the Associated Press.

CHICAGO, May 8.—Drivelling away of spring power on advances led to late afternoon declines. The market was hit by news in December hitting new bottom in wheat.

May wheat came down 1/2¢. Crop conditions shade of \$1.00. Corn advanced 1/4¢. Wheat and corn were generally favorable. Wheat was the main crop. Corn from North states was disappointing, and nervousness was shown relative to Great Britain. Prices were generally about the same.

Wheat closed irregular, 1/2¢ lower to 1/4¢. Corn compared with yesterday's finish.

Steamship Man Sued for Divorce.
—MONROVIA, May 8.—Mrs. Catherine Nicholson Vernon Tenney filed a suit for divorce yesterday from Edward D. Tenney, chairman of the board of directors of the Madison Navigation Co., alleging desertion. Tenney is 71 years old; his wife 37. They were married in San Francisco, March 25, 1918. Tenney has a grown son and a daughter by a former marriage. Mrs. Tenney before her marriage was Tenney's secretary.

Aching Feet make you ache all over

Foot Test made without charge

No matter how severely your feet ache or pain, Dr. Scholl's modern methods of correction will give you immediate and permanent relief.

The complete Foot Test and Analysis and Pedograph prints which we make of your foot reveal the exact nature and extent of your foot trouble.

The Dr. Scholl Appliance or Remedy for that condition is then demonstrated to you, to show how quick and easy it is to get relief.

This valuable Service costs you nothing. Take advantage of it without delay. If you wish to purchase the Dr. Scholl Foot Relief recommended by our Expert, it is guaranteed to give satisfaction or your money back.

DIVORCED HUSBAND WHO LIVES IN GARAGE FREED BY COURT

John W. Ley Was Arraigned on Complaint of Ex-Wife That He Damaged House.
Mrs. Gertrude W. Ley, 5406 Vernon avenue, who divorced John W. Ley on the ground of general indignities more than a year ago and who has been trying ever since to make her former husband move, prosecuted him today before Judge Butler, in Court of Criminal Correction.

Since their divorce, she testified, Ley had moved from the second floor to the basement of the house. On March 11, she moved his effects from the basement to the garage and nailed up the door. Ley returned home, broke open the door and moved back into the basement.

The Assistant Prosecuting Attorney asked who owned the house and Mrs. Ley replied that she did. Ley formerly owned a half-interest, she said, but when he got \$50 behind in his payments for the support of their children she sued and obtained clear title by execution. "Did he have any interest when you put his things out?" the prosecutor asked, but Judge Butler did not wait for Mrs. Ley's answer. "Technically, no; but morally, yes," he exclaimed. "These women can run a man to death if you give them a chance; defendant discharged."

Ley, who had sat meekly through Mrs. Ley's testimony, smiled his thanks to the court. He now lives in the garage.

CIGAR STORE OWNER ORDERED HELD ON CHARGE OF PERJURY

John Van der Heyden Led at Trial of J. A. Reinhold, Court Declares.

John Van der Heyden, cigar-store proprietor at 2237 Gravois avenue, was ordered held for the grand jury, charged with perjury, by Judge Butler, in Court of Criminal Correction, today because of his testimony in the prosecution of John A. Reinhold, 2617 South Compton avenue, for passing a worthless check.

Reinhold's trial last week Van der Heyden testified that on March 11 he lent Reinhold \$75, taking his promissory note, and on March 14 cashed Reinhold's check for \$75, which proved to be worthless.

Reinhold, a soap dealer at 2231 Gravois avenue, asserted he received only \$75 from Van der Heyden on March 11, and gave the cigar dealer his note and a post-dated check. On March 14, he declared, he was in Chicago and submitted the affidavit of a friend who said they were together at the Paxton Hotel.

Judge Butler continued the case until today, writing personally to the Chicago hotel to learn that Reinhold registered there the morning of March 14 and checked out the next day. "You have lied deliberately," he told Van der Heyden today. "You said this man was in your store, when he was in Chicago. I am going to break up this sort of thing."

STEEL MAN AND WIFE KILLED, AUTO PLUNGES INTO CREEK

Mr. and Mrs. Jack V. Hurd Victims of Accident at Wilmington, N. C.

By the Associated Press.
WILMINGTON, N. C., May 8.—Jack V. Hurd, Pittsburg (Pa.) steel magnate and sportsman, and his wife were killed in an automobile wreck here last night.

The Hurd were on the way from their winter home at Pinehurst to visit Mr. and Mrs. C. M. Phillips, Wilmington, when their automobile left the road at a curve near a bridge and plunged into a creek.

There were no witnesses to the accident, but two small boys heard the crash and ran up to the scene. The automobile was submerged in 14 feet of water. The bodies were discovered floating by some logs near the bridge.

Hurd was the former husband of Dorothy Campbell Hurd, woman golfer. They were divorced in 1923. Hurd married Mrs. Caroline McCord Butterfield of New York and Pinehurst in 1927.

KANSAS CITY-ST. LOUIS FLIGHT IN 75 MINUTES

Plane Carrying 11 Passengers Averages 183 Miles an Hour on the Journey.

Traveling at an average speed of 183 miles an hour, a trimotored transport ship of the T. A. T.-Madison Air Line flew from Kansas City to St. Louis yesterday afternoon in an hour and 15 minutes. The distance is 217 miles and the time, with the aid of a tail wind, is thought at Lambert-St. Louis Field to be a record. The ordinary running time is two hours and two minutes.

The plane was piloted by Pat Gallup, section superintendent, with J. W. Musick as mate. The second section of the regular St. Louis plane, it carried 11 passengers, in addition to the crew.

To Pray for Rain.

G THE SCHOOL CHILD

By Emilie Hoffman.

Urging parents to help their children with their school work is a task which reacts upon the nervous system of the child, especially if the parent's "help" is extended beyond the bedtime hour of the school child, which is often the case.

Under no consideration should your child while he is doing his homework. This time should be his and parents should allow no interference or distraction. If he asks no questions it is to be feared he understands his work and requires no help.

After he has finished his work the interested parent will look over and give helpful suggestions if necessary. The parent will also hear a spelling lesson or any other lesson to make sure the child goes to school each day with the self-confidence so necessary to success and which a well prepared lesson assures.

In short, in all your school help avoid striding off at a tangent to long explanations or a lengthy discussion. This is what hinders.

In all his work let the child follow the school methods regarding what you may think about it. Remember you are HELPING your child and in this case the school has the prior right in dictating the child's course.

Theater Ensembles

Include Little Hats

HEATER hats of lace straw or ribbon are generally accepted in Paris as part of the correct evening ensemble.

Most of the evening hats are close fitting models of bonnet type.

They have long sides and backs and flowers are sometimes tucked under the brim next the face.

Pink flowers on black hats are an idea of a leading dressmaker who is also a milliner.

Black satin hats with white gardenias clustered at one side are sponsored by important houses.

lars and other dressmaker details are meant to show a bit.

Flat crepe still is a smart blouse fabric, but such novelties as shantung in white or pastel tint are good in semi tailored and sport blouses. Eyelet embroidery, net and dotted swiss are cottons that impart a feminine air to the tailored suit. Satin striped shirts strike a new note with tweed suits.

A Piece of
Her Mind

By Elsie McCormick

DURING my recent absence in South America the people who originate styles for the time put over something which I think should be changed," writes M. T. L. "It's the fashion of colored glasses, generally used for clear water."

"The style is painfully deceptive, especially to a poor traveler from foreign parts who didn't know what had been going on. Recently, in a suburban home my hostess asked me if I wanted a drink. I made the natural answer, but the question rather startled me because I thought that the lady was a devoted dry."

"I received a generous glass of what seemed to be a beautiful amber liquid. After some health wishing, which seemed to surprise them, I discovered that it was nothing but water in a colored receptacle."

"Despite that lesson, I was far more effusive on a couple of other occasions than I would have been if I had known what they were passing me. Priming one's self for a substantial beverage and then getting only feeble water is a distinct shock to the nervous system. Can't something be done about it?"

I'm afraid not. America is on a chromatic binge. Color seems to be pervading our lives to such an extent that one can't get away from it now, even by going down into the cellar. The furnace wears a beautiful pastel tint and the washbasins are colored to match the landress' aura. About the only white object that one can find in a house nowadays is an occasional eggshell.

The austere white sheet is also vanishing, its place being taken by linen tinted like a garden in springtime. At the Home Making Center conducted by the State Federation of Women's Clubs I was told that brunettes should seek harmony for their coloring by sleeping in mauve sheets and blondes by using pale pinks and baby blues. Husbands' complexions are evidently not considered.

This desire for colored bedding is not as new as the style would suggest. The staff of a missionary hospital in China discovered some time ago that their patients became greatly depressed upon entering the wards and seemed to lose most of their will to live.

This, they found, was because of the white sheets and counterpane. In China white is the color used in mourning for the dead, and the patients naturally felt as depressed as an American would if placed on a cot draped in somber black. As soon as a supply of scarlet bedding was procured the mortality rate showed a marked decline. Chromatic hospitals would probably do a good deal to raise spirits in our own country.

In the matter of the color de-bauch, bathhouses have undergone the most marked change. Gentlemen recently returned from South America have frequently decided, from the gorgeousness of the appointments, that they have blundered into the apartment house lobby by mistake.

The bathroom with its new drapes, hangings and satiny fixtures is rapidly becoming the most pretentious room in the American home. Psychologists state that a mania for washing is a common form of insanity, and is usually to the patient a symbolic form of removing guilt.

What it means when an entire nation concentrates so fervently on the bath is difficult to explain. Some day a psychologist might tell us that this glorification of washing is due to the feeling of guilt that arises when our inherited puritanical standards clash with the jazz age.

Of course, it may be explained by a national inferiority complex arising from the fact that older countries consider us crude. Extreme cleanliness gives us a feeling of self-satisfaction, and at least one good talking point when we compare ourselves with other peoples. The French, who are entirely satisfied with themselves, pay far less attention to the ritual of the bath.

Fresh rhubarb sauce with sponge or angel food cake makes a good spring dessert.

To Iris Lovers

Right now the iris is in full bloom and the time to make your selection. Drive out to see them, as the best time to plant them is right after blooming, or right now.

CLARA BOW Has Fame and Fortune But Few Close Friends

This is the fourth of a series of articles on "The Truth About Hollywood," by the Post-Dispatch's motion picture critic who is in California gathering material on the pictures and the picture people.

By H. H. NIEMEYER (NIE).
The Post-Dispatch's Motion Picture Critic.

HOLLYWOOD, May 7.

ABOUT ninety-nine out of every hundred tourists who come to Hollywood come with the hope of seeing Clara Bow, the girl who made red hair and IT famous around the world. She lives out in Beverly Hills, that little city of winding streets where most of the Hollywood stars make their homes and so, out to Beverly Hills, on the outskirts of Hollywood, go the visitors from Des Moines and Joplin and Tallahassee and almost every other town in the country.

Now, bisecting Beverly Hills is a railroad track. Thousands of other cities in America have an identical geographic division. There is a north side town and a south side town. The track is a distinct social barrier.

North of the tracks in Beverly Hills are the finer homes, the bigger cars, the broader lawns. The farther north of the tracks they are, the finer, bigger and broader.

To the south is the business district and street after street of little stucco bungalows all cut from an almost identical pattern.

Within a half block of the tracks, just far enough away to be removed from the noise of passing cars, is the home of Clara Bow. Her little Spanish bungalow, north of the tracks to be sure, nevertheless is of unmistakable south side stamp. It is small, homey and wholly unpretentious. Its chief exterior feature is a double row of tree roses bordering the walk that leads in from the street. They are old-fashioned roses, and well kept.

That little bungalow, eight rooms in all, is somewhat of a shock to tourists.

"There," says the guide on the sight-seeing bus, "is where Clara Bow lives."

"That little place?" demands the woman from Tallahassee. "You mean Clara Bow lives there? Humph! She can't be so swell!"

The disappointed lady from Tallahassee is right. There is nothing very swell about Clara Bow.

THERE is one thing about Clara Bow's little Spanish bungalow that makes it different from the homes of certain other residents of the film colony, other than its size and location. It is all paid for. She owns it. It is furnished tastefully and comfortably. She also owns the furniture. Out-

Mayfair Serves Tea in
Fortune Telling Cups

CUPS and saucers that tell fortunes are the latest craze at Mayfair tea-parties.

The sets contain 39 symbols, some of which can be found in the cups and some around the saucers. The outside of each cup shows a figure of Lu Tung Pin, who has been the patron of fortune-tellers for centuries. He holds a large fly swatter.

As soon as the cup has been emptied it is inverted on the saucer, and note must be made of the animals to which the fly swatter points. It is this which determines one's general fortune for the next month.

Mayfair Serves Tea in
Fortune Telling Cups

CUPS and saucers that tell fortunes are the latest craze at Mayfair tea-parties.

The sets contain 39 symbols, some of which can be found in the cups and some around the saucers. The outside of each cup shows a figure of Lu Tung Pin, who has been the patron of fortune-tellers for centuries. He holds a large fly swatter.

As soon as the cup has been emptied it is inverted on the saucer, and note must be made of the animals to which the fly swatter points. It is this which determines one's general fortune for the next month.

Clara Bow recuperating at the beach after her recent illness.

As a matter of fact Clara Bow is not the typical flapper type at all. In repose—and the mood is frequent with her—she is one of the most solemn little girls in Hollywood. Tears never seem far from her eyes.

It has been said of Clara Bow that she is the most lonely girl in Hollywood. If so, it is because of her own choosing. If she wished she could be surrounded by friends constantly. As it is, she does very little entertaining in her home.

When she does give a party it is a sudden affair; a matter thought of in the morning, arranged for during the day and enjoyed that evening.

Whether or not Clara's loneliness is going to end in a marriage with Harry Richman is a matter of considerable speculation.

The announcement of the "engagement" of the pair came as a complete surprise a year ago. Without question is a publicity stunt—at the start. Richman, a popular entertainer in New York, was entering pictures. The movie fans had never heard of him and some smart young man at the studio where he was working—it was not the studio where Miss Bow makes her pictures, which sees the decided box office value in keeping Clara single—hit on the brilliant plan of linking his name with the dazzling Clara's. She was induced

W HEN the sound device was first perfected Clara Bow was fearful of it. She, like other established stars of the silent screen, foresaw the coming of trained stage players, schooled in the use of the voice for dramatic purposes. Contrary to most of the screen players, however, she did nothing about it. While other stars were rushing to voice specialists, drama schools and the like, Clara sat back and thought. She came to the conclusion that if her voice, her own, natural way of speaking, was inadequate to the new demands, then that was just too bad for Clara Bow. Natural she always had been, perfectly natural would she continue to be. Her continued popularity confirms that her judgment was right.

For Clara Bow still receives 30 or 35 thousand letters a month which continue to pour into the studio for her from all parts of the world. This is phenomenal considering that Clara, Bow, prior to "True to the Navy," had not made a new picture in more than half a year. Her long illness prevented her from making a picture.

HER SIN WAS NO GREATER THAN HIS but *She was a Woman!*

A great talking picture has come from the magic studios of California. It is destined to win a nationwide fame accorded to few dramas of the screen. It is being discussed as no other screen play has ever been discussed!

Here at last the story of modern marriage is told fearlessly, beautifully, thrillingly! So sweet was their romance, so heedless were they of the pitfalls of their irresponsible set! But the bride of yesterday is "the divorcee" of today. Life brings her its bounty. Life gives her everything—except her man. Then finally they meet in the mad gaiety of a Paris cafe. And of all your screen memories you will never forget the glorious thrill of this meeting!

The performance of beautiful Norma Shearer in "The Divorcee" is an unforgettable achievement. Following closely her success in "Their Own Desire" Miss Shearer's new contribution to the Talkies establishes her without question among the first of the speaking screen's greatest performers. "The Divorcee" will give you the supreme thrill of all your movie-going days.

WHAT HAPPENS TO LOVE?

HEALTH

Brief articles prepared by experts
for the New York Academy
of Medicine.
Edited by Dr. Iago Goldston.

The Thinking Machine.

THE human body is called by some scientists the thinking machine. In a narrow sense there is warrant for the name, but in the larger sense the human body is much more complicated than any man-made machine. Consider the marvel of the brain. It is composed of more than 12,000,000,000 nerve cells, each of which is a living unit. These cells, grouped in certain definite classes, function in health in an integrated and harmonious fashion to produce that which distinguishes man from all other animals: intelligence. The entire nervous system has been compared to an intricate electrical system, and nerves have been compared to nerve cells and wires. In a sense hardly appreciated the comparisons are justified. And yet if we take our most complicated electrical system—the telephone—and compare it with the nervous system it appears like a child's toy boat against a modern ocean-going steamer.

Neither the transmitting nor receiving systems thus far developed in radio can approximate either the human voice or the human ear. Television, too, provokes our enthusiasm, but the human eye is an instrument of "television" of a capacity and intricacy which is doubtful human ingenuity will ever match. In the light sensitive portion of the human eye the so-called retina, it has been estimated there are no fewer than 127,000,000 nerve endings. But perhaps the greatest wonder is the great abuse which the human body can stand and still carry on.

DAILY STORY FOR CHILDREN

By Mary Graham Bonner

The Cold Wave.

"It feels very cold for this time of the year," said John to the Little Black Clock.
"But I've turned the time back and you see it's winter now," the Clock explained.
The children then noticed that the ground was covered with snow and that the Little Black Clock had a sled all ready for them.
And a splendid coasting party it was! Although the Little Black Clock was not much good at helping to pull the sled up hill he could steer wonderfully.
"Well, well," said the Little

Black Clock, "he has played a joke on us."
They were at the top of the hill when the Little Black Clock stopped and suddenly made this remark.
John and Peggy hadn't the least idea what he meant by such a speech, nor did they know of whom he might be speaking.
"I can see you're wondering what I mean," he said after a minute or two. "You see, I heard that a cold wave was due to arrive at just this time. And I thought we might like to see him."
"He has been expected, for it was reported that he was traveling over the country at a great rate, and that he would be here in a very short time."
"But instead of having colder weather it is growing quite a little bit warmer. I wonder what could have happened to him, and what made him change his mind."
Neither John nor Peggy had a suggestion to make.

TREAT that
CORN gently
No need of harsh measures in removing a corn. Apply Blue-jay, the mild, safe 3-day treatment made by a noted producer of surgical dressings. Blue-jay stops the ache—softens the sore spot—softens and coaxes the corn loose. For 30 years Blue-jay has been recognized as the easy, painless dependable way of banishing corns. At all druggists. 6 for 25c.

Blue-jay
CORN PLASTER
BAUER & BLACK

"Well," the Little Black Clock continued, "it is plain to be seen that he isn't coming here. 'Shall we go and see what has happened to him?'"
"Oh, yes," agreed the children. This would certainly be an adventure.

Pickled Cauliflower.
Before this vegetable takes its departure for the season try this: Divide a cauliflower into flowerets and cook in boiling salted water until they can be pierced with a fork. Drain and then place into wide-topped jars. Add a little every seed and peppercorns to jar. Stir three tablespoons sugar into one quart vinegar. Heat to boiling point. Pour cauliflower and seal while hot. A nice little entrée that you will enjoy next season.

This startling difference
in flowers... 4 weeks
after they were fed!

HOW do professional flower growers get such wonderful results with blooms? Of course, you've asked yourself that question many times—just as everyone who loves flowers. And if you will read on, you will learn that one of their secrets for success is really no secret at all.

First, these growers start with good stock. Second, they make it a practice to feed plants regularly. The striking photograph reproduced above shows you the value of this. It was taken after a feeding test with Lōma, in the nurseries of Bobbink & Atkins, Rutherford, N. J.—world-famous for their roses and other perennials.

For this demonstration, a bed of light yellow roses was chosen. "We divided the bed in half," reports Mr. E. A. Mallette, Sales Executive of Bobbink & Atkins, "and then applied one tablespoonful of Lōma to each of the plants on one side. That's all the feeding they had, and after four weeks, the Lōma-fed flowers were double the size of the unfed, the plants themselves were much larger and had almost twice as many buds."

Surprising results on Lawn or Garden
This season, try feeding your flowers regularly with Lōma. See what wonderful

blooms will result. And how much earlier they will come into bud. This is because Lōma is a complete plant food—carefully balanced in nitrates, phosphates and potash. The tiny roots take it up immediately. It nourishes, strengthens, promotes quick growth. Just think—you can see the amazing difference that Lōma makes on your own lawn in a week or ten days. Grass taller, thicker, greener. And in your vegetable garden—well, you'll have record-breaking crops.

Get your Lōma today. Use it over the week-end. It comes in six sizes—from one-hundred-pound sacks down to one-pound cartons, and is on sale at all stores that sell lawn, garden and florists' supplies. Tennessee Copper & Chemical Corporation, 61 Broadway, New York, N. Y.
